Woodtone pre-finishes your chosen substrate in a wide range of beautifully tinted semi-transparent and natural coating choices. We partner closely with high quality coating manufacturers to provide you with proven protection for any wood surface. Specially formulated oils and resins penetrate into the wood, providing protection and beauty for decades to come. Consistent, pre-finished applications of these coatings and others are available with our ColorGuard™ Coating Program.

SECRETS TO YOUR *dream home*

EXPRESS YOUR STYLE

Your home is unique. Express your individual style with an unlimited pre-finished color palette. Why be limited to the same 12 colors? We make it easy to get exactly what you want for your home. Think of all the possibilities available!

USE SUPERIOR QUALITY PRODUCTS

Our proprietary coating process has been engineered to meet the highest quality standards, ensuring a beautifully consistent finish with exceptional durability for years to come. We test each and every product that leaves our plant, ensuring you recieve the highest quality product possible.

EXPECT EXCEPTIONAL PERFORMANCE

Coating adhesion and performance is significantly improved when the coating is applied in a controlled environment, meaning your home will need less maintenance and will look more beautiful, longer, guaranteed.
