BFS LEADERSHIP DEVELOPMENT CURRICULUM

A CAREER IN MANAGEMENT COULD BE IN YOUR FUTURE

The **Manager in Training (MIT)** program is a wonderful career opportunity where you are exposed to different jobs in the company. As you move through MIT, you will gain understanding of the importance and interconnectedness of every role at BFS in providing industry-leading products and services. You will experience how we approach everything with a “people-first” mentality. At each phase of this program, you will have a point of contact to ensure you progress and stay on track.

MANAGEMENT IN TRAINING PROGRAM

“

There is so much opportunity for growth at Builders FirstSource. As leaders we are always working to train our successors and the MIT program provides an extremely strong foundation in leadership and business training. During my time in the MIT program, I learned about various aspects of leadership, and I carry that through my career today. From people management to driving and supporting change and growing the business, MIT offers so much to anyone who is looking to challenge themselves, stretch outside their comfort zone and grow their career with BFS.”

TJ Kirkpatrick
Market LOB Manager

A HIGH EARNING POTENTIAL SALES CAREER AWAITS

The **Sales in Training (SIT) program** exposes you to all areas of the sales process. You'll learn about business operations, products and services, estimating, building a customer base, working leads and collaborating with vendors. You will also shadow Outside Sales Representatives (OSRs) to learn first-hand the fine art of selling BFS products and building trusted relationships with customers. At each phase of the program, you will have a point of contact to ensure you progress and stay on track.

SALES IN TRAINING PROGRAM

The SIT program at Builders FirstSource is one of a kind. The program gives you knowledge and skills that yield success, not only in the workplace but also in life. Being a salesperson in one of the largest industries can be intimidating, but the SIT program at BFS develops you to advance and make an incredible career. I got to spend time learning the different roles of inside operations. I saw the logistics of sold material being delivered to a job site, learned the correct way to engage with a customer and become a valuable and trusted resource. It is very possible to become well versed and educated beyond what you ever thought. SIT provides you with every resource to excel, grow and create endless opportunities to challenge yourself."

GIVING BACK TO OUR COMMUNITIES

More than a decade ago, Builders FirstSource established an enduring partnership with the Leukemia & Lymphoma Society (LLS). Since many of us have been impacted directly or indirectly by the devastation of blood cancer, we are committed to transforming the lives of patients diagnosed each year. Through a variety of charitable efforts, including the participation of thousands of team members in LLS's signature Light the Night events across the country, we continuously support the non-profit's mission to raise money for research that will cure leukemia, lymphoma, Hodgkin's and myeloma and improve the quality of life of patients and their families.

BFS supports a variety of charitable organizations, and we also encourage our locations to support charitable organizations and local causes. We seek to create a meaningful difference in the lives of others and an enduring impact on the communities where we live and work. These include:

American Red Cross shelters, feeds and provides comfort to victims of disasters; distributes international humanitarian aid; and supports veterans, military members and their families.

Homeaid America develops housing and programmatic facilities for people experiencing or at risk of homelessness.

Tunnel to Towers Foundation, which supports first responders, veterans and their families by providing these heroes and the families they leave behind with mortgage-free homes.

Leukemia & Lymphoma Society

We partner with our customers and suppliers to raise funds.

\$2.3M raised for LLS in 2022, **\$8M** raised since 2006. Established a goal to raise **\$2.5M** for LLS in 2023. **#2** national ranking among LLS corporate fundraising teams. **17** years of support.

Camp Southern Ground supports veterans and provides extraordinary camp experiences for children – especially those with neurodevelopmental differences from military families and underserved communities.

The BFS Cares Program was created to help team members facing financial hardship immediately after a natural disaster or an unforeseen personal hardship. We provide a tax-free grant - of **up to \$5,000** - funded by the donations of individual team members and support from the company. Since 2017, more than **1,200 grants** have been provided to those in need through donations totaling **over \$823,000**.

Habitat for Humanity, which helps families build and improve places to call home so that more people are able to live in affordable and safe homes.

OUR COMMITMENT TO DIVERSITY, EQUITY & INCLUSION (DEI)

Our people are the heart of our company. At BFS, we value the diversity of our team members and fostering a close-knit culture where growth, giving back and making a difference in our local communities fuels our collective success.

Further, we also value the diversity of our customers, suppliers and partners, and take pride in listening to their needs and cultivating long-lasting relationships.

We are committed to continually listening, learning and enhancing our efforts to promote DEI across our organization.

EMPLOYEE RESOURCE GROUPS (ERGs)

Our locally led, team member driven ERGs are committed to connecting our diverse team member population, creating a safe space for dialogue, providing resources and serving as consultants to our company on DEI topics.

In 2022, we launched a women-focused ERG called WE BUILD (Women Engaged in Building Unity, Innovation, Leadership & Drive) to highlight our commitment to increasing the number of women working in our industry and at Builders FirstSource.

Proud to Serve is our Employee Resource Group dedicated to supporting our company's veterans, active-duty military, reservists, guardsmen and their families through mentoring, fellowship, career networking and leadership development.

2022 RECOGNITION

Builders FirstSource has been recognized for our above-and-beyond commitment, contribution and collaboration in building a sustainable workforce in residential construction by the Building Talent Foundation.

We received an Employer Award from VETS Indexes, an annual awards program that recognizes the top organizations in hiring, retaining, promoting and supporting veterans.

15 of our female team members were recognized as part of HBSDealer's Top Women in Hardware & Building Supply Awards. The awards celebrate the skills, talent and perseverance needed to meet and exceed the high expectations of our industry.

WE'RE PROUD TO BE A MILITARY FRIENDLY® EMPLOYER

We value the strength, loyalty and qualifications each veteran brings to the civilian workforce. We offer veterans an opportunity to start a career with a company that honors their military service and invests in their future.

“Transitioning from a leadership role in the military, I was not interested in completely starting over. BFS offered me a role that leverages my decade of experience and aligns with my core values as a veteran.”

Ethan Wentzel

Operation Manager in Training
Dec. 2021 – Present

U.S. Air Force, 2013 – 2022

HIT YOUR CAREER TARGET

We're honored to be designated as an official Military Friendly® employer and proud to be a DOD's SkillBridge Program partner. As a DOD SkillBridge provider we can offer on-the-job training to our enlisted team members nearing the end of their term of service. BFS has developed training plans for positions, including operations leadership, design, CDL and sales.

WHAT WE'RE LOOKING FOR AT BFS

ARE YOU READY FOR A CAREER THAT BUILDS YOUR FUTURE? >

KEVIN, OPERATIONS MANAGER

"I love dealing with the different facets of our business. Throughout the workday, I juggle what is necessary to take care of customers, support my sales people and ensure the well-being of all team members. The reward from making that happen on a daily basis has no gauge or scale – it's simply rewarding."

JOANN, DIRECTOR TRUSS & COMPONENTS

"Every day brings new challenges, opportunities and things to be learned or taught. When problems arise, there's always someone that's willing to help problem-solve and find the best solution for the company and our customers. Management is always looking out for your best interests and will help you achieve your goals. It's great to work for a company that is willing to make change and have faith in the next generation."

XIU, INSIDE SALES REPRESENTATIVE

"I started working for BFS part-time cleaning, and management liked my hard work. They promoted me to the door shop, where I drove a forklift and learned how to run the door machine. From there, I seized an opportunity to join our inside sales team. BFS is like family. I want to work at the company until I retire. Working for BFS has allowed me to buy a house and raise my children. And my kids don't have to worry."
