WE ARE BMC

IN THE BUILDING INDUSTRY, OUR NAME MEANS SOMETHING

**What you need, when you need it,
exactly how you want it.**

It's more than a motto—it's our mission. At BMC, we view our customers as partners in our business. When we introduce a new product into the market or set a new standard for safety, we do so with your success in mind as much as our own. Since our founding in 1986, BMC has steadily grown into one of the nation's leading providers of building materials and construction solutions in the residential housing market. We couldn't have done it without our loyal customers. Today, as a result of BMC and Stock coming together, we have even more to offer builders with a presence in 18 states and 45 metros.

We take pride in our growth. But we take even more pride in what we do each day—provide you with the best possible products, value, and customer service.

WHAT BMC CAN DO FOR YOU

Serving you drives our every move.

BMC helps all types of builders—production, custom, remodelers—build easier and build better. In addition to offering you that legendary BMC “service you can count on,” we are revolutionizing the building industry through products and services that give you the competitive edge in every market.

READY-FRAME®

Designed to reduce building time, labor, and waste, our whole-house, precision-cut packages allow you to frame 20 to 30 percent more houses in the same amount of time as stick framing. It's the future of framing happening right now.

CUSTOM MILLWORK & RECLAIMED WOOD

Several BMC locations specialize in high-end, custom woodworking for historical renovations, new home construction and remodeling for builders, architects, and contractors on the East Coast. From intricate mantels and custom built-ins to extravagant entry systems and windows, our custom millwork locations are uniquely qualified with the knowledge and craftsmanship to make your designs come to life.

BMC offers distinctive, high-quality and competitively-priced reclaimed wood products. Whether you're looking for antique wood flooring, reclaimed timbers and beams, barnwood siding, reclaimed lumber or wood mantels, Trestlewood® has the options to fit your project's needs. With rare imperfections and character, every piece of reclaimed wood has a unique story and a look all of its own. When your job calls for a special wood piece like no other, let BMC help you find that perfect wood product.

Partnering with BMC gives you the advantage:

- Experience and knowledge to get the job done right the first time
- Precise attention to details
- High quality materials and craftsmanship
- Ability to match existing or historical architectural elements
- Breath-taking, one of a kind architectural features created to suit any job and customer
