Moulding Catalog

Established 1822™

SMOOT

A BMC COMPANY

Welcome!

Within this catalog, you will find the finest and most extensive collection of in-stock mouldings in the marketplace. With a complete line of Paint Grade Pine, Clear Pine, Poplar, MDF, Red Oak, Hard Maple, and American Cherry profiles, we are confident that we have what you need to make your projects distinctive. Here at BMC Smoot Lumber we are always looking to expand our offering by digging deep into our catalog of knives, researching various period style mouldings, and listening to your needs.

Founded in 1822 in Alexandria, Virginia under the name J.H.D. Smoot, Smoot has been through many changes over the years, including name changes such as W.A. Smoot, Smoot Lumber & Coal, Smoot and Co., Smoot Lumber, and now part of the BMC family as BMC Smoot Lumber. Over the years, Smoot has sold lumber, coal, sand, gravel, salt and plaster, with the mainstay being custom high-end millwork and mouldings.

While Lincoln and Douglas were holding their great debates of 1858, Smoot Lumber had already been supplying millwork to many of the most important buildings in our nation's capital. After the destruction of the Civil War, Smoot was there to help rebuild Washington and Alexandria. And when the National Park Service needed to find clear fir boards in order to build extra bleachers for President Kennedy's funeral processions, Smoot was honored to answer the call and play a small part in history.

Over the years, Smoot has also worked on other important historical landmarks to include The White House, the U.S. Capitol, the Smithsonian, and Mount Vernon.

We continue to build on our legacy with many impactful contributions to historical buildings around our region and throughout the country. However, we are also committed to the future and all the opportunities that we have to partner with you and help you have a prosperous future.

If you do not see the mouldings that you are looking for in this catalog, please contact us. We reproduce moulding profiles for remodeling and historical restoration projects daily. If your job requires an FSC Certification of Sustainable Harvesting or AWI Premium Grade Finish, we can also meet those needs.

We would like to take this opportunity to thank the Architects, Designers, Pro Remodelers, and Custom Home Builders who have specified our mouldings over the years. It is because of all of you that we have been so very successful. It is also because of this success that many moulding distributors attempt to duplicate our profiles. In order to maintain the integrity of your projects, please request that your mouldings come from the source that you intend. Again, we thank you for your patronage and look forward to many more years of providing you with quality products.

For your convenience, you can also find our Moulding Catalog online at:

A Brief History...

Here are some of the distinctive projects and partners that Smoot has worked with over the years:

- Windows for the George Washington National Masonic Memorial
- Arched windows replication for the Smithsonian's Arts and Industries Building
- Moulding replication for the Ice Cream Room in the Museum of American History
- Moulding replication from Mount Vernon for the Mount Vernon Ladies' Association
- Hollywood set productions
- Worked closely with the Architect of the Capitol to properly restore various federal buildings

What was happening in 1822 when Smoot was founded?

- President: James Monroe
- Chief Justice: John Marshall
- 17th Congress in session
- 24 States at that time
- U.S population: 10,000,000
- Great Americans such as Harriet Tubman, Ulysses S. Grant the 18th President, and Rutherford B. Hayes the 19th President were born

At the time Smoot was founded the following had not yet occurred:

- The Civil War
- World War I
- World War II
- The Wright Brothers had not yet flown at Kitty Hawk, North Carolina
- Yuengling was not founded until 1829 (oldest brewery in America)
- Coca-Cola founded in 1892
- Ford Motor Company founded in 1903
- Members of the Smoot Family have served in the following wars: Revolutionary War, The War of 1812, Indian Campaigns, Mexican War, both sides of the Civil War, and World War I

Our Values:

- **Customer Priority** — Customers come first. No matter what.
- **People Count** — Hire the best, win as a team, and support our communities.
- **Integrity Matters** — Protect our trusted reputation. If you say it, do it.
- **Be the Best** — Innovate, evolve quickly, and continuously improve.
- **Dedicated Safety** — Be safe in everything you do.
