

Winning Together as 1

January 4, 2021

Valued Suppliers:

It's official! We are pleased to announce that the merger of Builders FirstSource and BMC has closed, and we are excited about the opportunities this will bring to the industry. Together, we will deliver enhanced customer service and innovative solutions to transform the future of better building. People are at the heart of this business, and our relationship with key suppliers like you will be critical in enabling us to achieve our goals.

Our go-forward company will ultimately operate under the Builders FirstSource name, but for now, it's business as usual. Each location will continue to follow existing operating processes and procedures until further notice.

Please continue to send your invoices and statements directly to your respective Builders FirstSource or BMC contact as you have in the past. Invoices incorrectly routed will result in payment delays, and applicable terms discounts will be taken.

Integration planning includes a review of supplier terms of sale. The Builders FirstSource supply chain team will be in contact with you to discuss any future changes to our program.

We will take the next few months to put the integration plans we have been developing into action to ensure a seamless transition for our suppliers, customers and other key stakeholders.

We appreciate your help in making this a smooth transition and look forward to an even stronger and mutually beneficial relationship with your company.

Sincerely,

Dave Snyder
Executive Vice President, Supply Chain

Shawn Ellis
Director of Accounts Payable
