ABOUT FORTIS

You should never have to make the choice between home security and personal style. FORTIS locksets have combined products that exceed the performance standards for security with elegant designs and finishes for your home. We offer you the opportunity to make home hardware selections as unique as you are, without breaking your budget or wondering about the reliability of your home defense.

FORTIS classic handleset options make a strong first impression your guests are sure to notice. Offering a variety of lever options and knob designs, the FORTIS hardware selection affords peace of mind when gracing interior and exterior doors, while giving you multiple finish possibilities. For patios, garage doors, or secondary entrances, add the protection of a FORTIS deadbolt with any knob or lever. FORTIS locksets are available in seven finishes, to help you create a warm, inviting atmosphere for your home.

FORTIS locksets exceed ANSI Grade 3 residential requirements and include upgrades such as brass keys, and a solid brass entry cylinder plug. Reaching the optimum balance between style, value, and security, FORTIS locksets will provide you with years of dependable service, and are backed by a 99-year mechanical and 5-year finish warranty. By choosing FORTIS, you're making an important investment in your home that keeps loved ones safe without sacrificing your home's beautiful design.

DOOR HANDING GUIDE

PLEASE NOTE:

1. Handing of doors is always determined from the outside.
2. The outside of an exterior door is the street or entrance side.
3. The outside of a room door is the hall side.
4. The outside of a closet door is the room side.
5. All FORTIS Passage, Privacy, and Entry levers are reversible.

FINISHES See page 20 for finish swatches and more details.
