Window Options

Hy-Lite Specialty Products are designed to make windows part of the overall design story. Offered in a broad spectrum of colors and refined finishes, these windows provide architects and homeowners the freedom to complement materials, highlight architectural details, or create intentional contrast. Choose fixed windows for sleek, uninterrupted lines and soft daylighting, awning windows for controlled airflow with a modern profile, or casement windows that open wide to connect interior spaces with the outdoors. Each style balances form and function, allowing light, ventilation, and visual appeal to work together seamlessly in any space.

Glass Windows

Fixed Transom Style

Designed to bring in natural light while maintaining a clean, modern aesthetic, the Hy-Lite Clear Glass Window is ideal for transom applications. Its sleek size makes it perfect for placement above doors, in bathrooms, hallways, or any space where you want to brighten the room without sacrificing wall space. The clear glass design provides maximum light and unobstructed visibility, creating a more open, inviting feel while complementing both contemporary and traditional interiors.

Low-E option

(low emissivity) glass to improve energy efficiency by reducing heat transfer and enhancing indoor comfort year-round.

Size: 48" x 12"

See pg. 5 for all available frame colors

Decorative

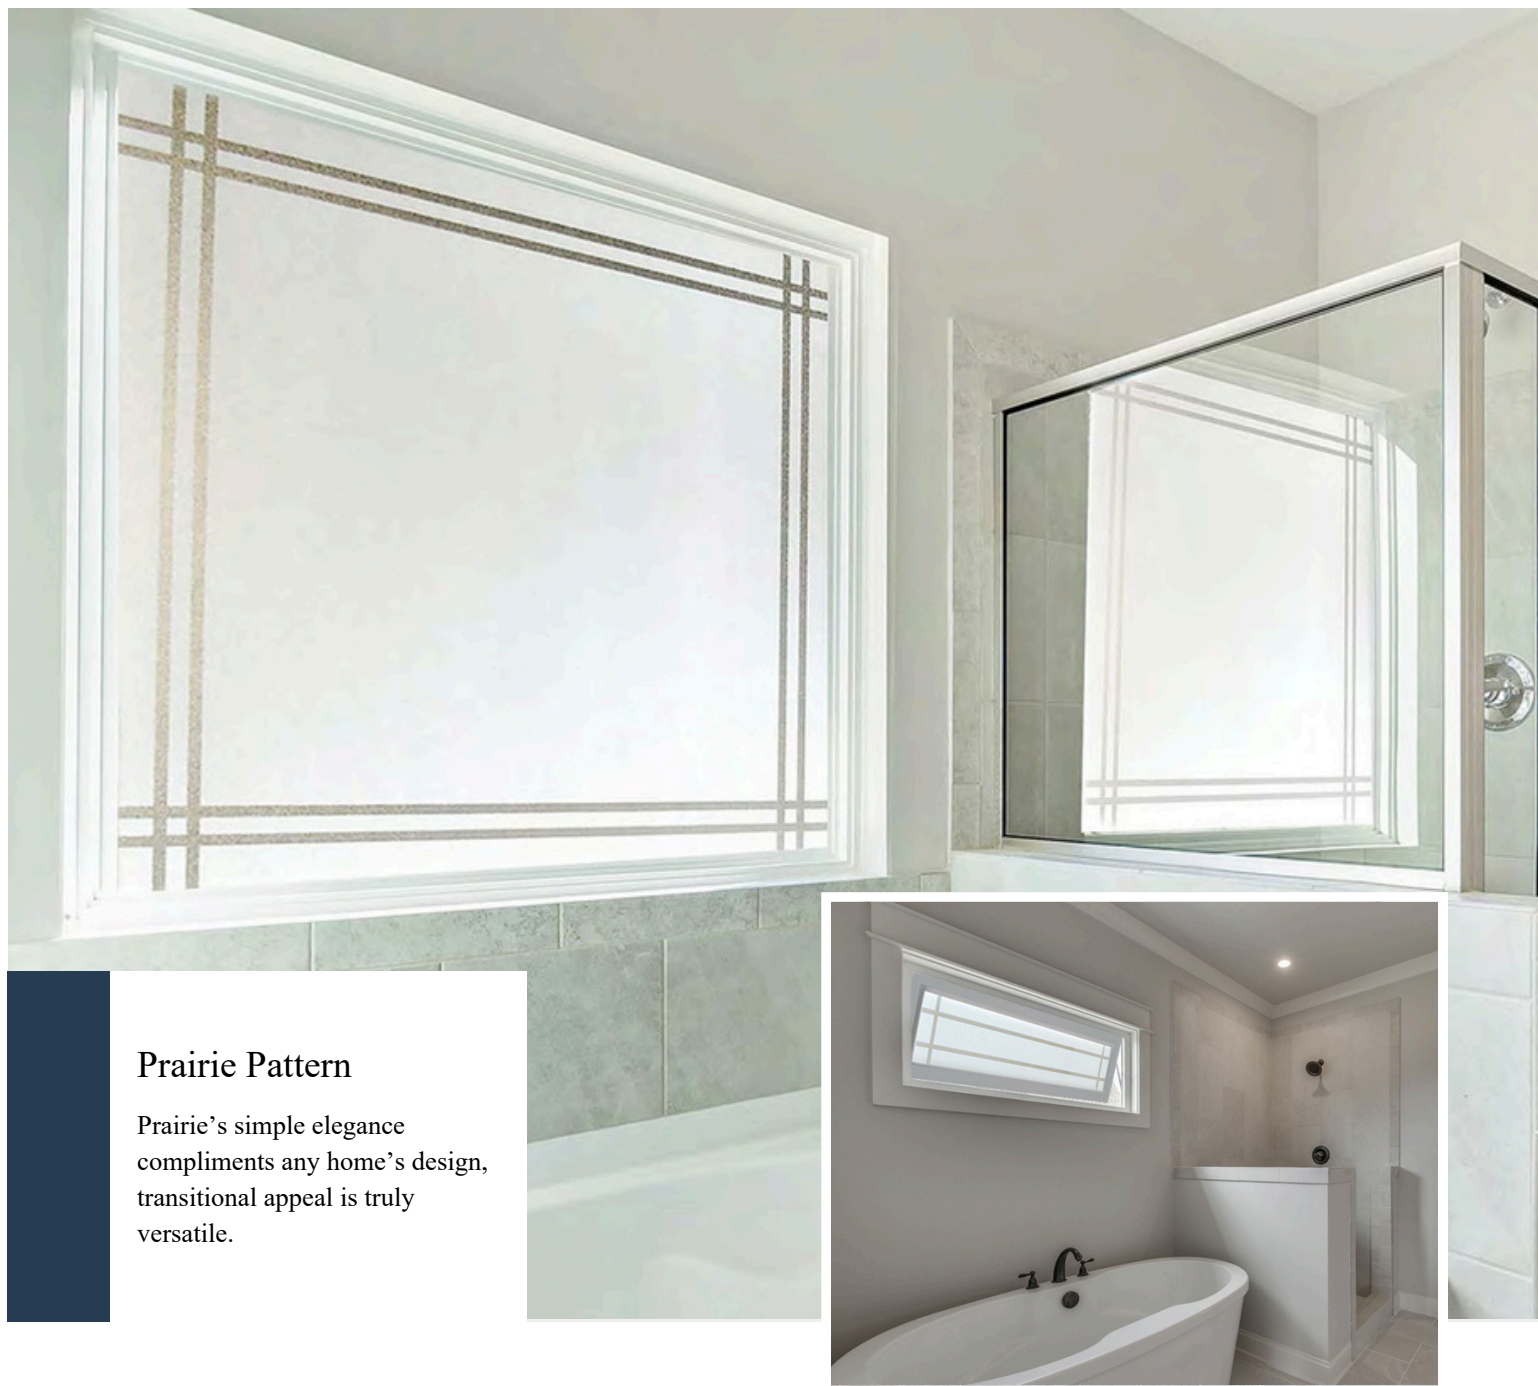

Glass Windows

Silkscreened Glass

The Decorative Silkscreen Glass Windows reimagines privacy windows through a distinctly modern lens.

This curated lineup blends contemporary, transitional, and classic influences into a cohesive range of designs that feel fresh, intentional, and architectural.

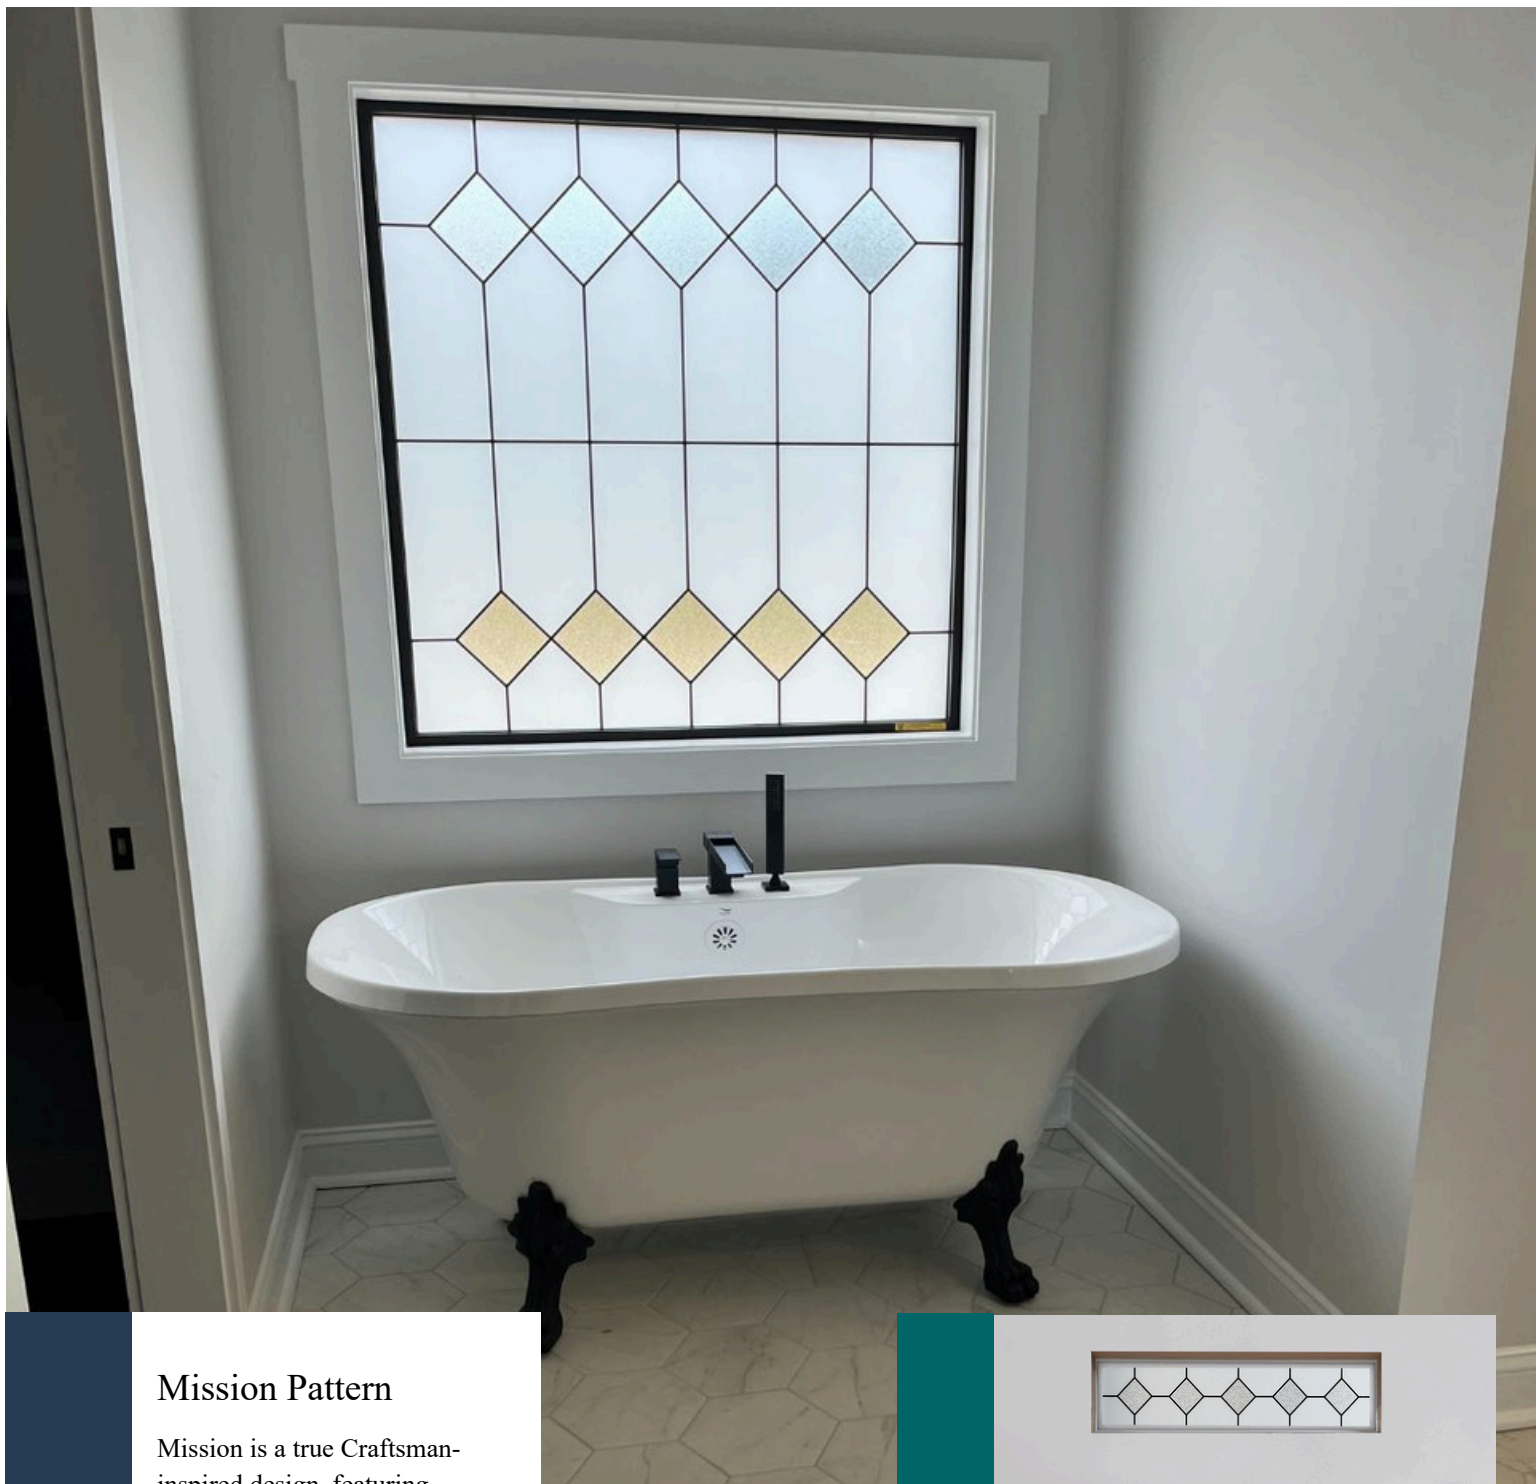

With versatile styles and refined aesthetics, the collection offers flexible solutions that elevate privacy into a true design feature—something for every space and every style.

Prairie Pattern

Prairie's simple elegance compliments any home's design, transitional appeal is truly versatile.

Sizes: 24" x 24" | 36" x 36" | 48" x 12" | 48" x 48"

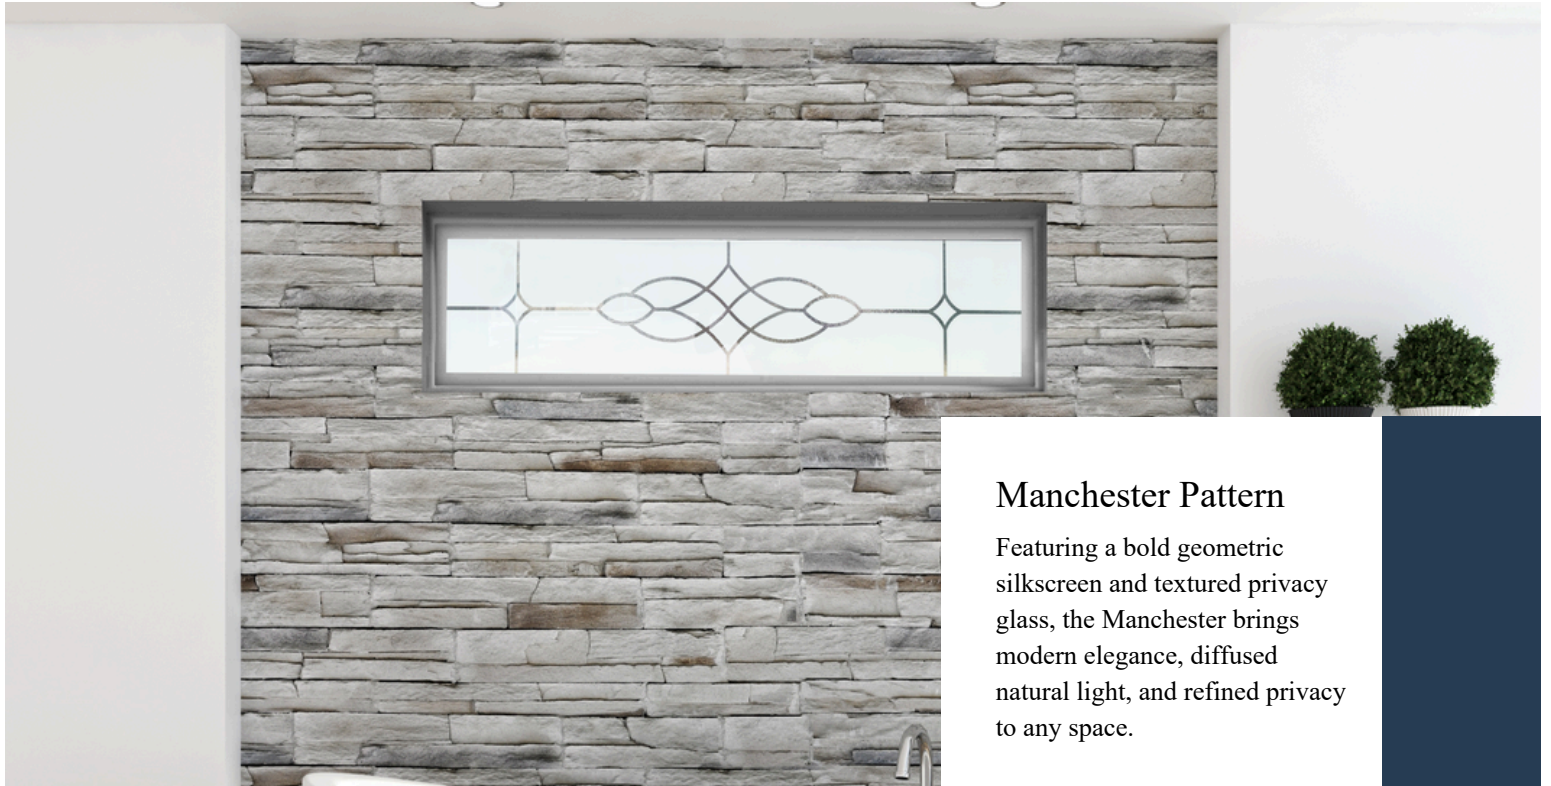

Mission Pattern

Mission is a true Craftsman-inspired design, featuring elements of historic and modern-day Craftsman home architecture.

Sizes: 24" x 24" | 48" x 12" | 48" x 48"

Manchester Pattern

Featuring a bold geometric silkscreen and textured privacy glass, the Manchester brings modern elegance, diffused natural light, and refined privacy to any space.

Size: 48" x 12"

Victorian Pattern

Blinds Between the Glass

An exterior window system with cordless white blinds encased in clear tempered safety glass, Blinds Between the Glass windows provide virtually unlimited variations of privacy, light, and a clear view. Raising, lowering, and tilting the blinds is an effortless way to put privacy control at your fingertips. Also available in Low-E options.

Blinds Between the Glass

The blinds between the glass are fabricated with aluminum for long-lasting durability, and are cordless to reduce risk to children and pets.

Sizes: 24" x 24" | 48" x 48"

See pg. 5 for all available styles

Maintenance Free

Blinds Between the Glass windows are designed with cordless blinds encased in durable tempered safety glass, ensuring the blinds remain clean and free of tangles for hassle-free maintenance.

Blinds Between the Glass can be ordered in operable styles such as Casements and Awnings for when fresh air is desired.

- Control the level of natural light in the room Solar Heat
- Gain Coefficient (SHGC) is lowered by 75% when blinds are in closed position, thereby increasing the window's energy efficiency
- Easily toggle between privacy and an outside view
- Raise, lower, and tilt inner blinds to create desired level of privacy
- Fast lead times – as few as 2 business days on Quick ShipSM selections
- Backed by a 5-year limited warranty

Acrylic

Block Windows

Fixed Windows

Made with pride in the U.S.A., Hy-Lite acrylic block windows eliminate the need for light-blocking window treatments while adding a memorable, decorative element to the room. Lightweight and easy to install, these architectural-grade acrylic block windows are double- or triple-paned for energy efficiency and will never yellow or lose their brilliant luster.

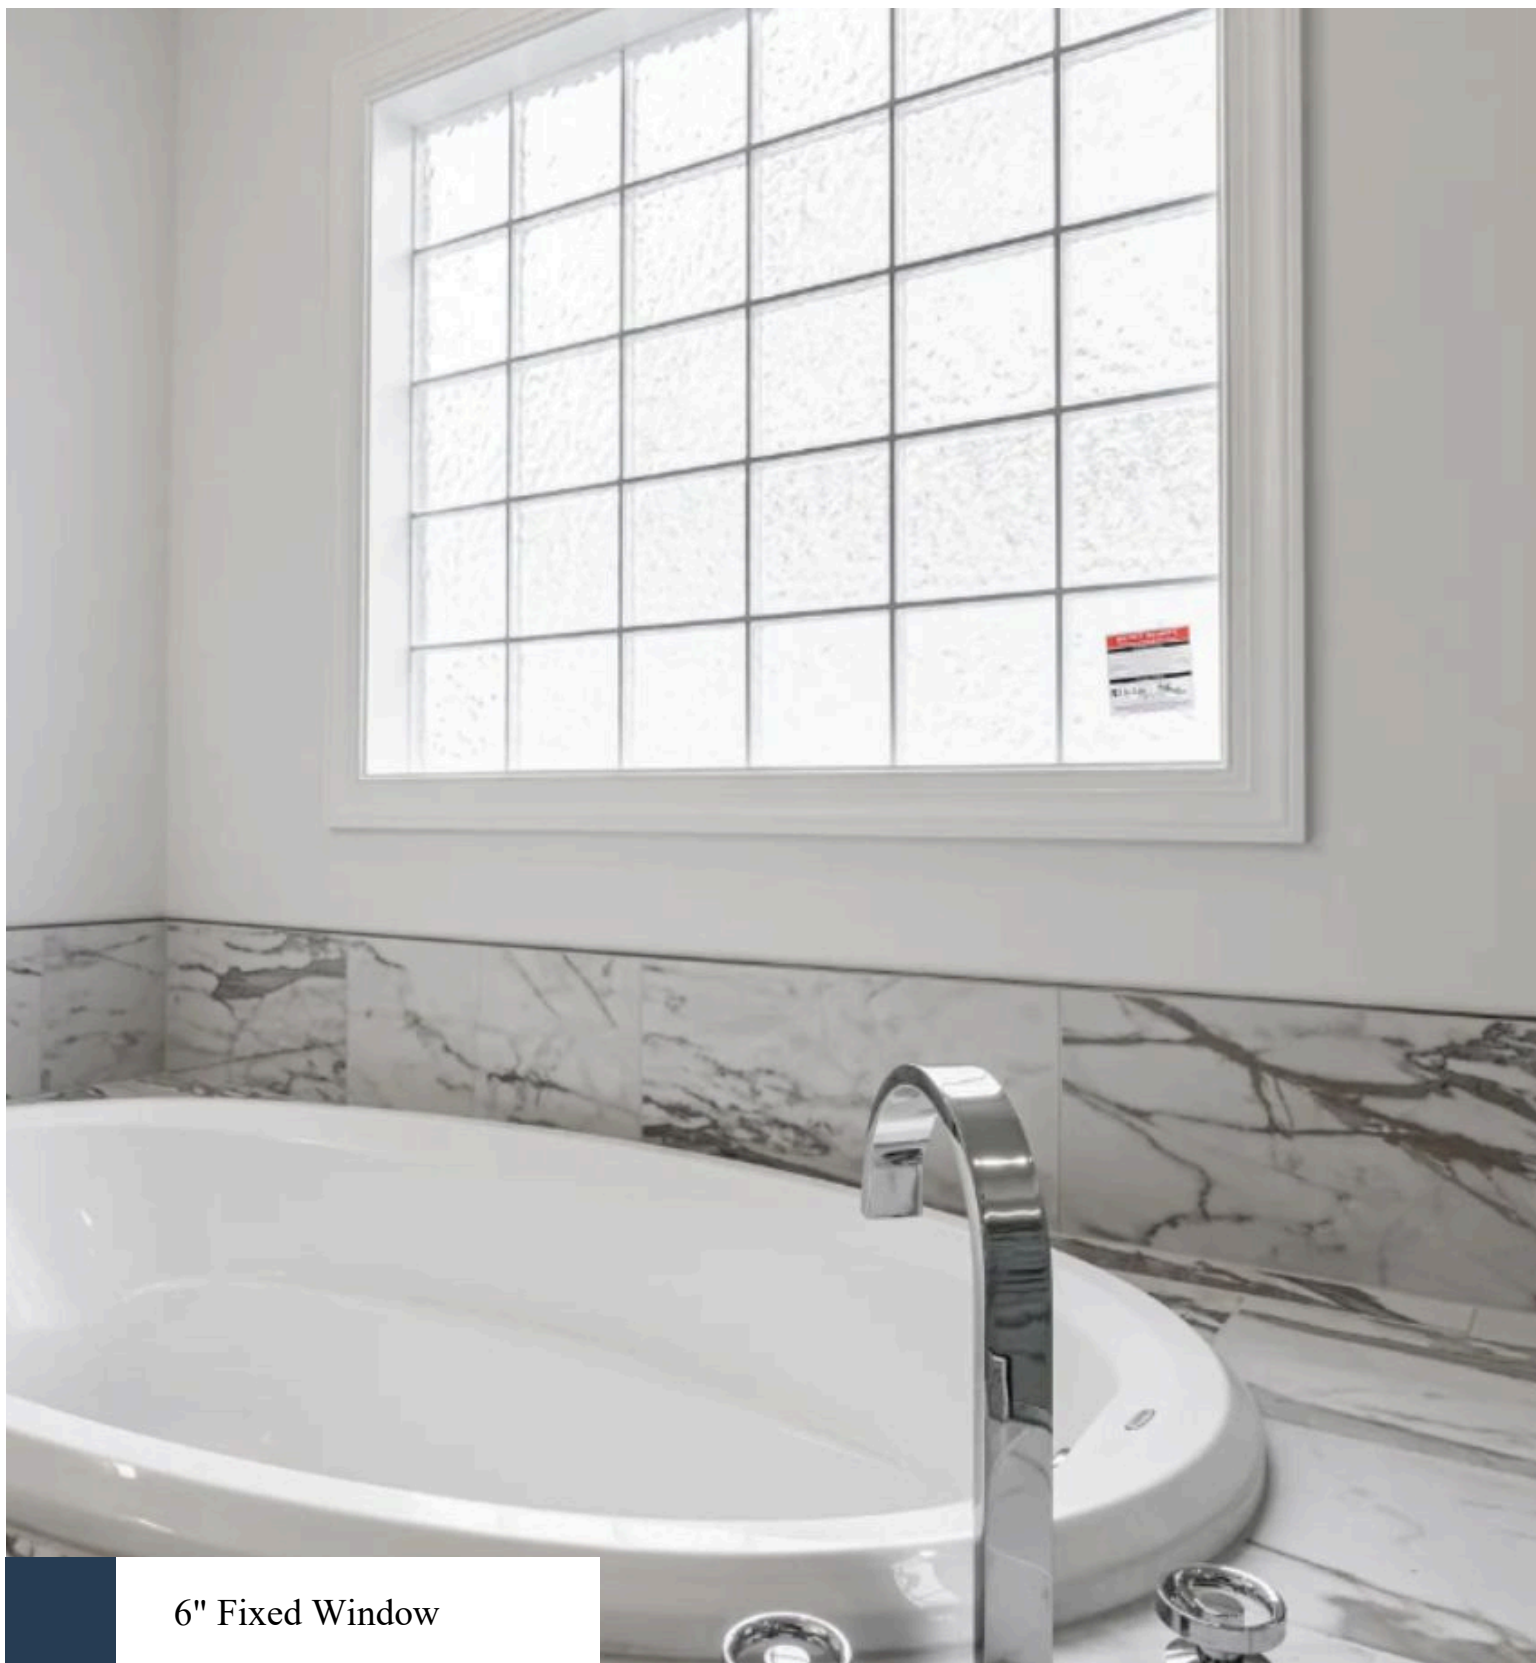

Standard and Custom Shapes including Operable Styles

Choose from a wide variety of standard shapes and sizes or have your own custom design manufactured to virtually any height, width and shape you desire. Operable windows available in awning, casement, and hopper styles.

True

Glass Block Windows

Fixed Picture Windows

Hy-Lite's True Glass Block Windows are lighter and easier to install than traditional glass block windows. The windows feature 7.5" x 7.5" x 2" hand crafted glass blocks in a choice of Wave or Ice pattern. The Wave pattern is made of colorless glass with a slight wave pattern to distort images on either side of the window. The Ice pattern is made of colorless glass with a "crushed ice" texture for enhanced privacy.
