EVERY HOME TELLS A STORY

When it comes to design, Joanna's favorite style is anything that's beautiful and timeless and tells a unique story. That's what made the idea of collaborating with James Hardie so easy. With the beautiful, nature-inspired colors and styles of Hardie® siding and trim curated for this collection, Jo created an inspiring palette of possibilities. She's made it easy for homeowners to choose what they want for their exterior transformation.

The Magnolia Home | James Hardie Collection can help you create an exterior you love.

“WHEN PEOPLE TELL THEIR OWN STORY RATHER THAN FEELING PRESSURE TO FIT WITHIN A SPECIFIC STYLE, THERE'S MORE FREEDOM - AND THEIR SPACE BEGINS TO FEEL LIKE HOME.”

— Joanna Gaines

# A finished look starts with beautiful trim.

## Hardie® Trim

Form meets function at every intersection with Hardie® Trim boards. With an authentic look, Hardie® Trim boards provide design flexibility for columns, friezes, doors, windows and other accent areas.

With higher performance to withstand damage from the elements compared to wood trim, Hardie® Trim is the perfect option for a long-lasting home. Hardie® Trim is a low-maintenance and durable accent for your exterior — adding an extra component of beauty to your home.

# Protection in every detail, complete confidence in every area.

## Hardie® Soffit

Every part of your home's exterior matters. With Hardie® Soffit panels, you can live confidently, knowing that gaps between eaves and exterior walls are covered to provide trusted protection.

### DID YOU KNOW?

Using vented soffit improves ventilation and reduces the chance of water-vapor condensation that can promote mold, mildew and stains and which can damage your home's framing over time.

In warm climates, vented soffit allows hot, humid air to escape, which not only helps prevent condensation in the attic, but also helps reduce air-conditioning costs.

In cool climates, vented soffit helps prevent condensation from forming on the interior side of the roof sheathing and reduces the chances of roof-damaging ice dams.

In wildfire prone areas, noncombustible fiber cement soffit is recognized by both the Insurance Institute of Business and Home Safety (IBHS) and the US Department of Housing and Urban Development to improve your home's resilience to fire damage.

# Tougher than the elements.

## Fire

A home's exterior is its first line of defense against extreme weather and fire. Prepare your home for the unpredictable with siding that is noncombustible and won't burn.

Hardie® siding will not contribute fuel to a fire and will not ignite when exposed to a direct flame.

- Verified noncombustible per CAN/ULC S114 or CAN/ULC S135
- Will not contribute fuel to a fire
- Zero flame spread and smoke developed per CAN/ULC S102
- Verified in wall assemblies with 1-hour and 2-hour fire-ratings per CAN/ULC S101 assemblies

**Fire Demonstration:**  
Hardie® Fiber Cement Siding vs. Vinyl, Engineered Wood and Cedar

## Pests

Creatures can wreak havoc on wood-based siding. It can be pecked by birds or damaged by termites and other pests. Hardie® fiber cement holds no appeal for these critters, saving you the maintenance hassle.

**Pest Testimonials:**  
Hardie® Fiber Cement Standing Up to Pests

## Water Resistant

From rain to ice to snow, precipitation patterns can lead to warping, swelling and cracking in wood-based siding. Take shelter from the storm knowing that your siding is built to resist water damage.

- FEMA Class 5 flood damage resistance (highest rating)
- Rated for use in High Velocity Hurricane zones by Miami-Dade County, Florida

**Water Demonstration:**  
Hardie® Fiber Cement Standing Up to Water

## Time

ColorPlus® Technology finishes provide a durable finish that helps resist fading and discoloration that outperforms field applied paint, so your exterior can keep its good looks longer.

# Made for what matters.

Hardie® fiber cement products offer better overall performance so you can have added peace of mind. Know your options when choosing your exterior products, considering a variety of factors.

“We’re so grateful we chose Hardie® Plank. Our community was devastated by Hurricane Sandy...our home was not.”

BILL JUSTUS  
Vice-President of Supply Chain Services for David Weekley Homes

“Everything outside the house was destroyed. But the house was standing. We were lucky... Hardie® siding really helped keep our house safe through the fire.”

DREW AND JESSICA  
Homeowners from Tubbs Fire in Santa Rosa, CA

# Exterior solutions inspired by nature. And designed to protect your home from it.

## Hardie™ Zone System

Only Hardie® fiber cement exterior products are Engineered for Climate®, designed specifically with your climate zone in mind for optimal performance. In the northern USA and Canada, HZ5® products resist shrinking, swelling and cracking even after years of wet or freezing conditions. HZ10® products help protect homes from hot, humid conditions, blistering sun and more.

With Hardie® siding, trim and soffit, your home's exterior will be as tough as it is beautiful.

# The highest-quality materials for your highest satisfaction.

## Unique Formulation Hardie™ Zone Substrate

Not all fiber cement is the same. Hardie™ Zone formulations require raw materials that meet our stringent quality standards. Our unique formulation, combined with innovative product design and manufacturing processes, creates a substrate that is specifically engineered to resist moisture, cracking, shrinking and swelling, for increased durability and workability.

### Proprietary enhancements create durable Hardie® siding

#### Perfect balance of strength and workability

Our unique balance of high-quality Portland cement, sand and cellulose fiber delivers the best combination of strength and workability.

#### Enhanced moisture resistance for unmatched durability

Patented and proprietary additives are chemically bonded within the substrate matrix to provide durable moisture resistance.

#### Increased dimensional stability

Our siding is engineered at the microscopic level to create a fiber cement composite with superior dimensional stability that helps protect against shrinking and splitting.

● James Hardie Manufacturing Plant

30 11 manufacturing facilities in the United States which source 81% of their raw materials locally

## Unmatched investment in manufacturing scale and production innovation

- Largest manufacturer of fiber cement in North America
- Over 7x the North American manufacturing capacity of our nearest fiber cement competitors
- More than 100 process and product quality checks
- Over 85 scientists and engineers in North America's research & development providing dedicated resources for continuous innovation in manufacturing and product development
- More U.S. fiber cement patents than any competitor

\*Updated as of March 2024

# Building a Better Future for All™

## Raising our level of ambition.

James Hardie is committed to improving our sustainability performance proactively by carefully managing our social and environmental impacts. To help us track and assess our progress, we established sustainability goals that align directly with issues that matter most to our stakeholders and our overall corporate objectives.

### Building a framework for a bold and bright future

**Purpose**  
Building a Better Future for All.™

**Vision**  
To inspire how communities design, build and grow today and tomorrow.

**Mission**  
Be the most respected and desired building materials brand in the world.

Scan code to find out more about our sustainability efforts.

### Adding value to our communities

We recognize our ability to impact the communities in which we live and work. While maintaining a global mindset, we put great care into how our business affects local communities. We contribute by sourcing, employing, delivering and giving locally.

### Creating an impact

We invest in the local community and aim to locate the plants close to suppliers, customers and potential new employees, as well as sustainable transportation opportunities.

\*Above statistics are the James Hardie impact from fiscal year 2023.

### Setting ambitious goals as responsible stewards

**Reducing Emissions**  
Reduce absolute Scope 1+2 GHG emissions by 42% by 2030 from 2021 baseline and work towards net zero by 2050

**Minimizing Waste**  
Zero manufacturing waste to landfill by 2035

**Saving Water**  
Recycle an additional 20M cubic feet of water per year by 2030, compared to 2019

Hardie® Artisan Siding

Hardie® Panel & Hardie® Trim Batten  
Monterey Taupe

# Beauty begins with a finish that lasts.

## ColorPlus® Technology

ColorPlus® Technology finishes are fully cured on our boards in a controlled factory environment and arrive at your home ready for installation year-round. With prefinished color products, you'll have peace of mind, knowing you'll have a more consistent color and finish that doesn't depend on good weather.

With a variety of color options available to help bring your vision to life, ColorPlus® Technology finishes help keep your home looking beautiful longer.

## Finishing Technology

### Primer

A quality primer is the first step to ensuring that the paint color you select expresses your home's true beauty now – and for years to come. Our distinctive primer is climate tested and engineered to enhance the performance of paint on Hardie® fiber cement exterior solutions. It helps to provide consistent, long-lasting paint adhesion, even in the most demanding conditions.

### ColorPlus® Technology

Our advanced ColorPlus® Technology finishes deliver the ultimate in aesthetics and performance. Our products aren't simply painted at the factory. Our proprietary coatings are baked onto the board, creating a vibrant, consistent finish that performs better, lasts longer and looks brighter on your home.

### Exceptional finish adhesion

Our proprietary coatings are engineered for exceptional adhesion to our substrate and applied to the surface, edges and features for durable performance.

### Superior color retention

The finish is cured onto boards for a stronger bond, which allows for exceptional resistance to cracking, peeling and chipping.

### Superior UV resistance

ColorPlus® Technology finishes retain vibrancy longer compared to vinyl siding and the typical field paints used on other siding products.

# Unparalleled beauty with unparalleled performance.

## See the James Hardie difference

James Hardie invented modern fiber cement. Over 10 million homes\* later, we continue to set the standard in premium, high-performance exterior cladding. Our products deliver uncompromising durability and finish quality for a beautiful, lower-maintenance exterior.

Our unrivaled investment in R&D and constant innovations in product design, manufacturing and distribution allow us to remain steps ahead of the competition. With the support of our employees and partners, and with our exceptional warranties, we're committed to protecting your home and investment every step of the way.

## Industry-leading warranty for peace of mind

Protect your home with North America's #1 Brand of Fiber Cement siding, soffit and trim, backed by exceptional limited warranties. Unlike other companies, we don't prorate our James Hardie substrate warranty coverage. All Hardie® fiber cement products come with a transferable 30-year, non-prorated limited substrate warranty, meaning we stand 100% behind Hardie® fiber cement siding, trim and soffit products for 30 years.

ColorPlus® Technology finishes come with a 15-year limited warranty.

### 30-Year, Non-Prorated Siding, Trim and Soffit Substrate Warranty Coverage by James Hardie

## Endorsements — a reputation built on trust

For decades, our fiber cement products have been used to create better places to live. That proven track record has earned us the loyalty of millions of homeowners and the endorsements of trusted authorities across the building industry.

James Hardie manufactures #1 brand of siding in North America\*

\* Based on Freedonia 2022 Global Siding (Cladding) demand projections and James Hardie sales in North America

Hardie® products\*\* are backed by the Good Housekeeping Seal.

\*\*Includes Hardie® Plank (primed and with ColorPlus® Technology), Hardie® Trim with ColorPlus® Technology, Hardie® Backer, and Hardie™ Weather Barrier

# Make your home stand up and stand out.

## Increase your home's re-sale value\*

Re-siding with fiber cement siding is one of the top ways to increase your home's re-sale value\*.

Scan code to view the Cost vs. Value Report.

## Installation Done Right

### INSTALLATION ACCESSORIES

#### Hardie™ Blade Saw Blades

Manufactured by Diablo, the Hardie™ Blade saw blade is designed specifically to cut fiber cement products and is the only saw blade James Hardie recommends. The blade creates clean, precise cuts while helping to reduce the amount of airborne dust produced.

#### PacTool® Gecko Gauge

The PacTool® Gecko Gauge is designed to improve the installation experience, allowing one person to hang Hardie® lap siding during installation. The manufacturer claims the Gecko Gauge can improve the speed of solo installation by up to 30%.

## Finishing Touches

### COLORPLUS® TECHNOLOGY ACCESSORIES

#### Touch-Up Kits

Specially formulated to match ColorPlus® Technology finishes, our touch-up kits offer resistance to aging, color change and chalking. Estimated one kit per 4,000 sq ft of siding or 1,600 sq ft of trim.

#### Color-Matched Caulk

LePage OSI® QUAD® MAX sealant offers a high-performance sealant solution to color match Statement Collection® products. About 18–20 linear feet per tube. Refer to packaging for manufacturer's recommendations.

### TRIM ACCESSORIES

#### Flat Tabs

Eliminate face nails and improve the aesthetic of trim applications around windows, doors and band boards.

#### Corner Tabs

Use corner tabs to eliminate face nail holes that would detract from the finished look of corner trim installations.

PacTool and PacTool Gecko Gauge are registered trademarks for General Tools & Instruments Company LLC. LePage QUAD® MAX is a registered trademark for HENKEL AG & CO. KGAA. Diablo is a registered trademark of Freud America, Inc.
