30-YEAR, NON-PRORATED SIDING, TRIM AND SOFFIT SUBSTRATE WARRANTY COVERAGE BY JAMES HARDIE

Scan to learn more about the lifetime value of Hardie® products.

Warm woodgrain texture without the cost and high maintenance of real wood.

Complete Exterior™ by James Hardie

ONE MATERIAL

Only Hardie® fiber cement products are **Engineered for Climate®**, resisting damage from fire, water, and insects and delivering optimal performance for your home's specific region.

ONE SOURCE

Hardie® is the #1 brand of siding in North America, and our products are proudly made in the USA at one of our 11 manufacturing sites—meaning you can count on your product when you need it.

ONE WARRANTY

Rest easy knowing that all your siding, trim and soffit is backed with a 30-year non-prorated warranty from a single trusted manufacturer. One manufacturer to contact makes your life easier, giving you more time to enjoy your home.

(from cover) * Based on Freedonia Group, Global Siding (Cladding) Report (2025).

** Hardie® fiber cement products are noncombustible and/or have a Class A fire rating when tested in accordance with ASTM E84. Fiber cement fire resistance does not extend to applied paints or coatings, which may be damaged or char when exposed to flames. The use of noncombustible siding, combined with other fire mitigation measures, may help harden a home against external fire.

Unmatched performance & protection.

Fire

Hardie® siding is made of noncombustible fiber cement that won't burn or ignite when exposed to a direct flame.

Listed for use in wildfire-prone Wilderness Urban interface (WUI) zones in the western US.

- Verified noncombustible per ASTM E136
- Will not contribute fuel to a fire
- Class A fire rated per ASTM E84, with a flame spread index / smoke developed index of less than 0/5
- Verified in wall assemblies with 1-hour and 2-hour fire-ratings per ASTM E119

Water

Hardie® products are specifically engineered to resist damage from moisture and rot, and will hold their own, come rain, sleet, or snow.

- FEMA Class 5 flood damage resistance (highest rating)
- Rated for use in High Velocity Hurricane zones by Miami-Dade County, Florida*

*Applies to most products by James Hardie.
For full list go to: www.jameshardie.com/miami-dade-NOA

Pests

Creatures can wreak havoc on wood-based siding. It can be pecked by birds or be damaged by woodpeckers, termites and other pests. Hardie® fiber cement holds little appeal for these critters, saving you the maintenance hassle.

Watch our durability videos.

Building a Better Future for All™.

At James Hardie, we pride ourselves on providing products that help craft more resilient, durable homes and buildings. Our commitment starts with our people, who are putting sustainability into action. Their relentless pursuit of innovation is helping to develop technology that lessens the impact of our products, reduces waste from our operations and recycles water used in our plants. At the same time, our people work hard to strengthen our supply chain, promote safety and contribute to our communities. From our front-line employees, to our customers, to the homeowners who enjoy our beautiful and durable products, sustainability and resilience are key components to fulfilling our purpose of **Building a Better Future for All™**.

Scan code to find out more about our sustainability efforts.

SUPPORTING COMMUNITIES WORLDWIDE

We are developing resilient building solutions that do right by our shared planet as well as support communities where our products are used and where our team of more than 5,800 global employees live and work. From our employees to our senior leaders, everyone is empowered to drive change and impact in their communities. Our culture emphasizes thinking globally while acting locally.

MAKING AN IMPACT

Above statistics are the James Hardie impact from fiscal year 2025.

OUR FOUNDATION FOR BUILDING A BOLD AND BRIGHT FUTURE

Reducing Scope 1+2 Emissions

Reduce absolute Scope 1+2 GHG emissions by 42% by 2030 from 2021 baseline and work towards net zero by 2050

Minimizing Waste

Zero manufacturing waste to landfill by 2035

Recycling Water

Recycle an additional 20M cubic feet of water per year by 2030, compared to 2019

Hardie® Plank

From Victorians to Colonials, Hardie® Plank is the perfect siding for your style, and has the durability and long lasting beauty that can transform your home's exterior. With a variety of colors, textures, and sizes, you'll discover a Hardie® Plank style that transforms your home's aesthetic.

TimberHue™ Collection

COMING SOON

TWO-TONE SIDING. ONE NATURAL LOOK.

The TimberHue™ Collection by James Hardie honors wood's legacy with a rich, authentic grain and two-tone finish that provides the warmth of a stained wood look, matched with the durability and low maintenance of Hardie® fiber cement products and ColorPlus® Technology finishes.

The TimberHue™ Collection can be mixed with other Hardie® products for a modern, mixed-material aesthetic or used as an accent to highlight architectural features. Its curated palette—ranging from warm chestnuts to cool greys—reflects today's design trends while maintaining timeless appeal. Each of the eight colors was hand-selected by design experts to create a warm, welcoming exterior that feels both natural and elevated.

PRIMER

A quality primer is the first step to ensuring that the paint color you select expresses your home's true beauty now – and for years to come. Our distinctive primer is climate tested and engineered to enhance the performance of paint on Hardie® fiber cement exterior solutions. It helps to provide consistent, long lasting paint adhesion, even in demanding conditions.

COLORPLUS® TECHNOLOGY

ColorPlus® Technology finishes are fully cured on our boards in a controlled factory environment and arrive at your home ready for installation year-round. With prefinished color products, you'll have peace of mind, knowing you'll have a more consistent color and finish that doesn't depend on good weather.

With a variety of design options available, whether different colors or our new two-tone finishes, ColorPlus® Technology finishes help you bring your vision to life and keep your home looking beautiful longer.

- Exceptional finish adhesion
- Superior color retention
- Superior UV resistance
- New Two-Tone Technology

Find the perfect finish for your home.
