

JELD-WEN®

F-4500™ FIBERGLASS
PATIO DOORS

PATIO DOORS REIMAGINED, FOR CLEARER, WIDER VIEWS

Elevate your indoor-outdoor spaces with F-4500™ fiberglass patio doors from JELD-WEN. Designed with less frame and more glass, these patio doors make your view the focal point of any space. External keyed access and a contemporary lock set merge aesthetics and function for added security. This patio door system offers a beautiful, durable solution that enhances indoor and outdoor living areas and lets in abundant natural light.

F-4500™ FIBERGLASS PATIO DOOR DESIGNS

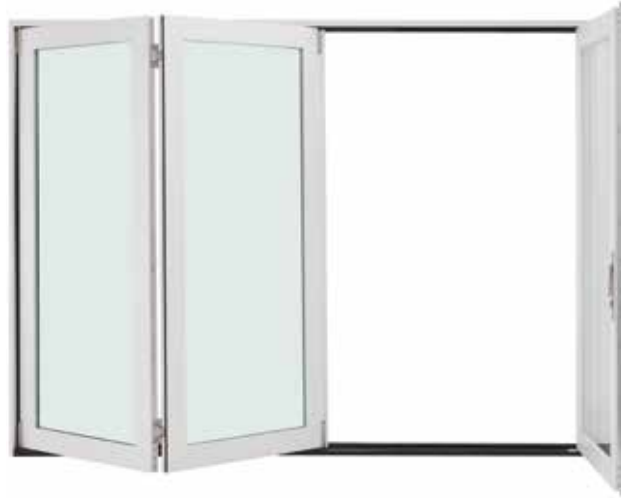

FOLDING

F-4500™ fiberglass folding patio doors blend contemporary style and easy indoor-outdoor connection. The 2-panel folding system fits standard patio openings for easy installation. The 3-panel folding system combines two folding panels plus a daily door for a more expansive opening. Available with contemporary Satin Nickel hardware, external keyed access, and multipoint locks.

2-Panel Folding

60" x 80" &
72" x 80" RO
Outswing

3-Panel Folding

90" x 80" RO
108" x 80" RO
Outswing

SWINGING

F-4500™ fiberglass swinging patio doors feature a traditional hinged design and sleek, contemporary lines. The 2-panel swinging system fits standard patio openings for easy installation and is available with Satin Nickel or Matte Black hardware, external keyed access, and contemporary lock set.

2-Panel Swinging

60" x 80" &
72" x 80" RO
Inswing/Outswing

F-4500™ FIBERGLASS PATIO DOOR FEATURES

PREMIUM DIRECT GLAZE DESIGN

Double or triple pane glass is built directly into the door for a modern look with no visible screw holes or plugs. Slim stiles and rails with no visible framing offer an even wider viewing area than standard direct glaze options, and up to 37% more visible glass than framed options.

STANDARD
LIP-LITE

F-4500™ PREMIUM
DIRECT GLAZE

Up to 37% more visible glass than lip-lite framed patio doors, and 24% more than standard direct glaze patio doors.

FINISH OPTIONS

F-4500's lightly texturized fiberglass surface is designed for optimal paint and stain adhesion and color, creating the look of a painted or stained wood door system. Doors are available unfinished and ready for paint or stain, or factory finished in a variety of paint and stain options applied using proprietary hand brushing techniques. In addition, doors may be ordered with dual-sided finish options, such as an on-trend black painted exterior with white painted interior, or the stylish look of a stained wood exterior and smooth painted interior.

PAINT

Unfinished Modern White Brilliant White Ash Desert Sand Reclaimed Bark Chestnut Bronze Black

F-4500™ FIBERGLASS PATIO DOOR FEATURES

1

PREMIUM DIRECT GLAZE GLASS PANELS

37% more visible glass than standard patio doors, for improved sight lines, clearer views, and ample natural daylight.

2

STREAMLINED HARDWARE & COMPONENTS

Contemporary handle sets on all doors and a slim astragal on the 2-Panel Swinging doors add to the modern look.

3

ENHANCED SECURITY FEATURES

Integrated lock system with external keyed access; folding doors feature multipoint locks and 2-Panel Swinging doors include shootbolt release.

4

DURABLE FIBERGLASS CONSTRUCTION

Engineered to resist dents and scuffs and to stand up to the weather without rotting, swelling, shrinking, or rusting.

5

CONTEMPORARY DESIGN

Slimmer stiles and rails with a modern flat profile; direct glaze design leaves no screw holes or plugs around the glass.

6

ROT-RESISTANT SYSTEM

Fully composite jambs offer improved protection against the elements.

7

IMPACT-RATED OPTIONS

Available in WZ3 / HVHZ Impact (swinging system outswing only), and non-impact-rated options.
