

MI®

Remodeling & Replacement **Windows and Doors**

V2000 AND V3000 SERIES

By MITER Brands™

A woman with curly hair, wearing a blue tank top and black pants, is sitting in a meditative pose on a wooden floor. She is looking upwards and to the right. To her right is a large, leafy green plant in a wicker basket. Next to the plant are two wicker lanterns. In the background, a large window lets in bright sunlight, creating a pattern of light and shadow on the wall. On the left wall, there is a piece of abstract art and a small shelf with books. The overall atmosphere is calm and serene.

WHY WE'RE THE RIGHT CHOICE.

MI offers beautiful, worry-free windows and patio doors to frame each of life's little moments. Our exacting manufacturing processes and the innovations we develop mean you get reliable windows and doors that perform year after year. With MI, you'll receive a level of service and quality others simply can't match, backed with an industry-leading warranty.

Framing home in a new light

The path to perfect windows and doors has never been more clear. From tranquil mornings to family dinners, MI seamlessly connects you to what matters most: windows and doors that frame life's most meaningful moments.

As a trusted brand for more than half a century, MI offers products that promise long-lasting comfort, protection, and exceptional quality day after day, year after year.

EXPERIENCE IS EVERYTHING

Our experts match you with attractive, reliable windows and patio doors that best fit your home, your needs, and your price point.

CONFIDENCE TO CREATE

We deliver the highest-quality windows and patio doors through our passion for craftsmanship and a relentless pursuit of 100%.

EVERY DETAIL, EVERY DAY

From robust testing and precision manufacturing processes to the innovations we develop for your comfort, every detail matters.

Comparing your options

CHOOSE FROM A TRIO OF SUPERIOR DOUBLE-HUNG WINDOWS

Our replacement window program is anchored by three double-hung windows with options for enhanced performance and style, creating a trifecta of high-end products. Utilizing the same stylish profile with optional upgrades, we offer a wide variety of features and enhancements; whether you're looking for durability, energy efficiency, aesthetics – or all of the above – these products will suit all of your replacement window needs.

V2000 Series Double-Hung Model 1555

This option is an efficient, affordable product that doesn't sacrifice quality for cost.

V3000 Series Double-Hung Model 1650

Built for energy performance, this window helps maintain consistent temperatures year-round.

V3000 Series Double-Hung* Model 1650 Extreme

With triple-panes and a foam-enhanced main frame, this is an ideal window for regions of extreme weather.

* Shown with optional foam-enhanced mainframe and triple-pane glass.

ABOUT YOUR OPTIONS

The **warm-edge spacer system** improves the seal performance of our insulated glass units.

A **Low-E** coating is applied to the glass to reflect sunlight away from the home.

Argon is an invisible gas injected into a glass unit to increase its insulating performance.

Impact-resistant products are available with StormArmor™ for additional strength against weather.

Seven distinctive colors allow you to customize and enhance the curb appeal of your home.

Blinds-between-the-glass offer safe and maintenance-free privacy and light control.

Finish options*

Our wide array of color options allow homeowners and designers to express their unique sense of style and enhance curb appeal. Advanced technology allows energy-efficient and low-maintenance vinyl products to also offer design options that previously were only available with wood or aluminum materials. Our options allow you to experience the multiple benefits of vinyl windows and doors without sacrificing style.

GRIDS

Make your home your own personal statement with multiple grid options that allow your style to always be on display. Grids between-the-glass are offered in a variety of profiles and sizes, and match the color of your window frame. Simulated divided lite grids are offered in a white sculptured profile to achieve an historic aesthetic. Grids are available in multiple standard and custom patterns to satisfy nearly any desired look.

BLINDS-BETWEEN-THE-GLASS

This unique option offers a quality solution for window and sliding glass door treatments. The blinds are sealed between two panes of glass, resulting in a longer service life compared to standard blinds while also eliminating the need for dusting. Engineered for ease of use, the internal design makes raising and lowering the blinds simple and intuitive and eliminates the possibility of blinds obstructing the window or door operation.
