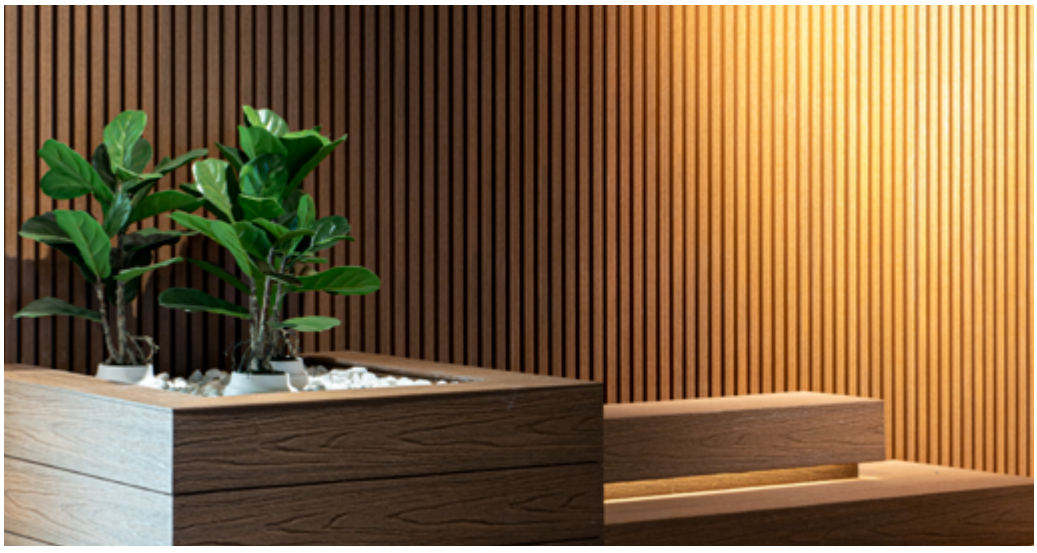
NewTechWood UltraShield®: The Look of Wood Without the Worry

What Makes NewTechWood the Smart, Green Choice?

All NewTechWood products are produced using 95% recycled materials including plastic bottles, reclaimed wood fibers, and other products that would normally end up in a landfill.

NewTechWood undertakes annual, third-party audits to assure compliance with environmental, health, and safety regulations and guidelines – a demonstration of our commitment to a greener alternative to wood building products that deplete the planet's resources.

NewTechWood shrinks your home's carbon footprint by using recycled materials constructed to be recycled again in the future.



Environmentally Friendly

NewTechWood UltraShield® : Technology That Provides Superior Protection

NewTechWood products combine the proven strength of high-density, recycled plastic with realistic wood fibers to deliver the look of Naturale™ wood.

UltraShield® : Ultra-Simple

UltraShield® weather resistant siding is made from a capped wood plastic composite, an advanced premium shield that wraps all 4 sides around its inner core.

NewTechWood®

Elegant Home Siding That Lasts

Our home siding looks like natural wood, without the worries of real wood exposed to the elements.

NewTechWood Siding installs quickly using our exclusive clip system .

Our installation system enables your home to "breathe" as air circulates between siding and joists, keeping your home high, dry, and energy efficient.

Siding Accessories

NewTechWood Siding is installed using a range of great accessories. Our AW08 siding clips hold the boards in place, using a grooved design for simplified installation and weather resistance. The AW02 starter strips gives you an even start point and additional support. Finally, our T-7 rubber stopper allows for the final row of Siding to stay upright.

Rubber Stopper

MFG: T-7

Material: Rubber

Size: Ø11/16”x H 5/16”

Siding Clip

MFG: AW08

Material: Aluminum

Size: 13/16”x 9/16”x 1-1/8”

Siding Starting Trim

MFG: AW02
