

Window & Door Shopping Guide

Your guide to choosing the best windows and doors for your project.

Pella® Impervia®

Sleek, Black dual-pane picture windows with between-the-glass grilles.

6 Benefits of High-Quality Windows

There's more to gain from new windows and doors than thoughtful designs. Check out what new Pella® products can do for you.

1. INCREASE YOUR HOME'S VALUE AND CURB APPEAL

High-quality wood, fiberglass or vinyl windows add value to your home with quality craftsmanship and lasting performance.

2. ACHIEVE GREATER ENERGY EFFICIENCY, LOWERING HEATING AND COOLING COSTS

Pella windows and doors offer energy-efficient options that will meet or exceed ENERGY STAR® certification in all 50 states.*

3. KEEP OUTSIDE NOISES OUT AND INSIDE NOISES IN

Insulating window frames and multiple panes of glass help reduce the noise from traffic, lawn mowers and neighborhood activity.

4. TAILOR YOUR HOME TO YOU

Choose the styles, finishes and options that fit the way you live.

5. IMPROVE COMFORT AND PRIVACY

New windows and doors can dramatically improve the beauty of your home — inside and out.

6. ADD PEACE OF MIND

With excellent engineering and quality materials, you can be confident that every window and door will operate as intended for years to come.

* Some Pella products may not meet ENERGY STAR® guidelines in Canada. For more information, contact your local Pella sales representative or go to <https://natural-resources.canada.ca>.

Pella® 250 Series

White sliding vinyl windows.

Why You Can Trust Pella

At Pella, we don't just create windows and doors. We innovate with purpose, design with passion, build with integrity and deliver with pride. That's why **Pella is the most preferred window and door brand by homeowners.**¹

Pella® Lifestyle Series

Black dual-pane sliding patio door with custom grilles-between-the-glass and TuffScreen® by Phifer.*

*All trademarks are property of their respective owners.

RATED #1 BY HOMEOWNERS FOR HIGHEST CRAFTSMANSHIP¹

Our drive to improve what we do and how we do it has earned us more than 150 patents on groundbreaking innovations. The revolutionary Hidden Screen provides easy and convenient access to fresh air and natural light without compromising your view and the Easy-Slide Operator hardware for casement and awning windows allows you to simply slide to open, without the effort of cranking.

RATED #1 BY HOMEOWNERS FOR HIGHEST QUALITY¹

We sweat the details so you don't have to, delivering products created specifically for you. We tried to count the number of quality checks we do in a typical hour at our wood plants, but we had to stop at 2,070 to get back to work. At Pella, just meeting requirements isn't enough. That's why we test beyond requirements to ensure quality windows and doors that are built to last.

#1 LIMITED LIFETIME WARRANTY FOR WOOD WINDOWS AND PATIO DOORS²

You can feel confident in your investment. We pride ourselves on providing exceptional quality, exceeding expectations and going beyond requirements. That's why we stand behind our windows and patio doors with a limited lifetime warranty.²

Pella windows and doors are backed by some of the strongest limited lifetime warranties.²

¹ Study of homeowner perceptions of leading national brands. Study commissioned by Pella, 2023.

² See written limited warranties for complete details, including exceptions and limitations, at pellaatlakes.com/warranties, or contact Pella Customer Service at 833-767-0926.

Explore Window & Patio Door Styles

Perfectly complement your home's style with windows that are tailor-made to help ensure the right fit and will last for years to come.

Pella® Lifestyle Series
Black factory-mulled combination window

DOUBLE-HUNG WINDOW

Appropriate for any style home, double-hung windows have two sliding sashes providing efficient ventilation. Raise the lower sash to allow in a cool breeze. Lower the upper sash to pull hot air from the ceiling outside.

CASEMENT WINDOW

Casement windows are hinged at the side and swing outward, providing an abundance of light and fresh air. They open and close easily with the turn of a handle or the innovative Easy-Slide Operator hardware solution, making them a great option for hard-to-reach spaces.*

AWNING WINDOW

Awning windows are hinged at the top and swing outward from the bottom. They open and shut with the turn of one easy-to-operate handle or with the slide of our revolutionary Easy-Slide Operator hardware.* Add architectural interest and light by placing them above or below other windows.

SINGLE-HUNG WINDOW

A classic look for any home, single-hung windows are raised from the bottom for ventilation, while the top sash remains stationary, helping to deliver a secure seal against the elements.

* Easy-Slide Operator hardware available on Pella Impervia® casement and awning windows.

WINDOW COMBINATIONS

Join two or more standard-size windows together to create a custom look at a lower price. Add special shapes to the combination to create a stunning focal point.

SLIDING WINDOW

Horizontal sliding windows easily slide open from one side, providing easy access to fresh air. They are commonly used in places where it may be difficult to open a window vertically, like over a sink or in a bathroom.

SPECIAL SHAPES

From curves to angles, these windows offer virtually unlimited design possibilities to achieve a custom look for your home at a competitive price.

SLIDING PATIO DOOR

Sliding patio doors don't swing open, requiring less open floor space to operate. They are a great source of natural light and are available in a variety of materials and finishes to complement your style.

BAY OR BOW WINDOW

Bay windows consist of three windows, with the center fixed and the sides either fixed or venting. Bow windows are typically four or more to create a more graceful curve and can be a combination of fixed or venting windows.

HINGED PATIO DOOR

Pella's hinged, wood patio doors are available in stunning designs. Choose from two movable doors that swing open from the sides, one movable with one fixed door, or a single door for simple elegance.

Select the Right Material

Clad-wood, fiberglass and vinyl are the most common choices, and each has its own unique attributes and distinctive styles.

Pella® Lifestyle Series

Dual-pane double-hung windows in a Black stain with custom between-the-glass grilles.

Clad-Wood

Get the beauty and warmth of natural wood, our most customizable designs and exceptional energy efficiency. Our innovative EnduraGuard® wood protection and our aluminum-clad exterior with EnduraClad® finish help provide long-lasting performance for years.

Fiberglass

Windows and patio doors ready to handle virtually anything life throws at them. Pella's proprietary fiberglass is the strongest material for windows and patio doors, engineered for lasting durability.² It's tested to withstand the most extreme heat and cold, damaging UV rays and conditions of seacoast environments.

Vinyl

When you want low-maintenance, affordability and energy efficiency, vinyl is the right choice. Our unique vinyl formula is performance-tested for excellent weathering, durability and color retention. Multi-chambered frames and metal-reinforced, interlocking sashes add strength and durability.

¹ Based on comparing written limited warranties of leading national wood window and wood patio door brands. See written warranty for details, including exceptions and limitations, at pellaatloues.com/support.

² Pella's proprietary fiberglass material has displayed superior strength over wood, vinyl, aluminum, wood/plastic composites, and other fiberglass materials used by leading national brands in tensile and 3-point bend tests performed in accordance with ASTM D638 and D790 testing standards.
