WHO WE ARE

As our name implies, we use technology to create decking and railing for your backyard that looks like natural wood, but is more sustainable, longer lasting, and lower maintenance. When it comes to outdoor living, innovation and inspiration are at the heart of all we do. Plain and simple.

WE ARE TIMBERTECH — GO AGAINST THE GRAIN® WITH US.

RECYCLED WOOD SCRAPS
BOTTOM OF A TIMBERTECH BOARD

WHAT WE'RE MADE OF

Our products align with our core value: Always do the right thing. That means doing right by you and by the planet. In fact, more than one million trees and counting have been saved because customers like you choose TimberTech decking over wood.

TimberTech decking is made with a majority of recycled materials, including recycled wood and plastics. We use more than 145 million pounds of recycled material every year. Plus, our products are sustainably manufactured with hundreds of gallons of recycled water and, in 2019, we diverted approximately 290 million pounds of recycled waste and scrap from landfills.

WE DON'T CUT DOWN TREES; WE RESPECT THEM.

Anatomy of a Deck

START YOUR JOURNEY

Get The Full Picture

Before jumping into your project, take a moment to familiarize yourself with the three key components of building a new outdoor living space.

GATHER THE FACTS

Decking doesn't have to be complicated. With our Deck & Railing 101 guide on the opposite page, you can nail the common names and phrases you'll encounter in deck projects. Plus, with our TimberTech Advantage Guide, you can see how TimberTech decking stacks up against traditional lumber and competitors. Scan the QR code with your smart phone's camera to access the TimberTech Advantage Guide.

DIVE INTO DESIGN

Now's the time to bring your style into your outdoor living space. Whatever you envision for your backyard, we've got you covered. Whether you want to upgrade your backyard views or make a bold style statement, you've got options. Simply start by choosing your favorite decking color(s) and wood grain pattern to style your space. Download the Design Guide for more inspiration by scanning the QR code to the right.

PLAN YOUR BUDGET

Learn how you can save money in the long run with composite decking with our helpful charts that do the number crunching for you. We're here to take the mystery out of budgeting. Visit the Cost Calculator using the QR code to the right to get the full scoop.

START YOUR JOURNEY

Decking & Railing 101

Lean into the process and learn some outdoor living lingo, so you can confidently choose the material for your project.

Deck Design Options

Below you'll find a range of boards available to you while you plan your new TimberTech deck. Start by choosing the color and wood grain pattern that speaks to your style.

COLOR NUANCES

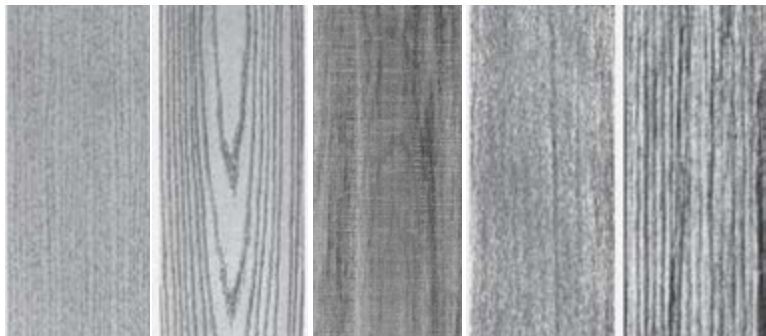

With TimberTech, you have a wide range of color options to choose from. These colors are found in real wood and feature colors on the spectrum of **solid, single colors** for a painted wood look to a more dramatic **color-blending of highlights and lowlights** that resemble premium hardwoods. The degree of color blending differs by collection.

SOLID
No variation of color.

HIGHLY BLENDED WITH UNIQUE COLORING
Intentional color variation means that no two boards look alike.

STRAIGHT GRAIN	CATHEDRAL GRAIN	CATHEDRAL CROSSCUT GRAIN	WIRE-BRUSHED FINISH	HAND-SCRAPED FINISH
PRIME+ COLLECTION, PREMIER COLLECTION	HARVEST, RESERVE, AND TERRAIN COLLECTIONS	LANDMARK COLLECTION™	VINTAGE COLLECTION®	LEGACY COLLECTION

BOARD FINISHES

Browse wood grain patterns and finishes available to you. Choose from the charming look of hand-scraped boards or the more high-end look of a wire-brushed, low-gloss finish. This is where the personality of our boards really shines through.

LEARN MORE

Benefits of Composite vs. Wood

The benefits of building a deck with capped polymer or premium hardwood vary greatly. When you compare them side-by-side, the results are clear. Even the best hardwoods, like Brazilian Ipe, don't compare with the unbeatable TimberTech® AZEK® Vintage decking.

LEARN MORE

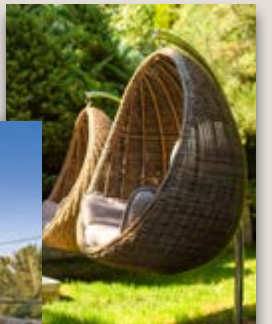

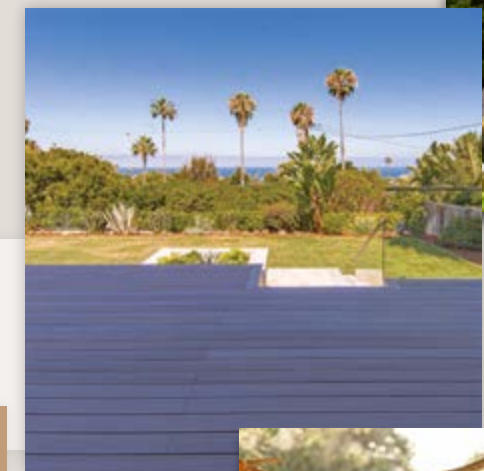

Ranch Retreat

Tall trees, natural fabrics, and soft lighting for ambiance define a ranch retreat. Nestled deep into the surrounding landscape, your secluded hideaway provides ample outdoor living spaces for you and your loved ones to gather and grill under big blue skies, lounge under the stars, or take a moment just for yourself.

DESIGN INSPIRATION

A collage of three images. The top left shows a sunset with palm trees. The top right shows a modern house with a pool at dusk. The bottom shows lounge chairs.

Hamptons Resort

Head to the Hamptons in your own backyard with a light shade of TimberTech decking with pops of rich jewel tones to accent your outdoor space. The key to this style vibe is keeping the space feeling breezy and relaxing. Mix in soft fabrics and a tray of freshly squeezed lemonade and you're on your way to your own private cabana.

WHITEWASH CEDAR® FROM THE TIMBERTECH® PRO® LEGACY COLLECTION

Backyard Getaway

For when you want the finer things in life to be right outside your backdoor, create an outdoor living space that comforts you and your family after a busy week of work, school, and life. Neutral colors, soft yet durable fabrics, and clean lines define your outdoor living space. Bring your family together to create memories under the stars that will last a lifetime.

COASTLINE® + MAHOGANY + DARK HICKORY DECKING

REFINED. RUSTIC. UNIQUE.

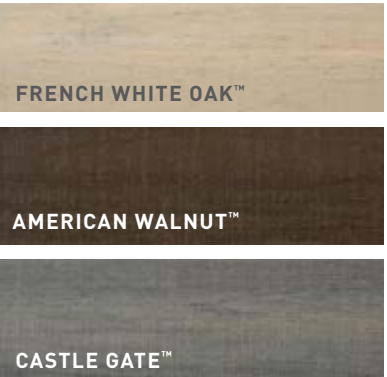

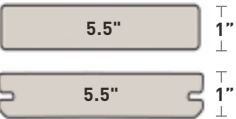

Landmark Collection™

\$\$\$

NEW

Deck out your outdoor living space with the modern wood tones from this collection. Based off of reclaimed lumber, the classic cathedral grain pattern is complemented by a rustic crosscut grain and matte finish. This highly color-blended decking has cascading hues which result in natural color variation. And, just like in nature, the highlights and lowlights in each board's color vary from end-to-end and board-to-board making each deck unique.

- Cathedral wood grain complemented by a rustic crosscut and matte finish
- Highly blended with unique coloring
- Available in standard width and thickness

French White Oak™ Decking

Slate Gray Decking

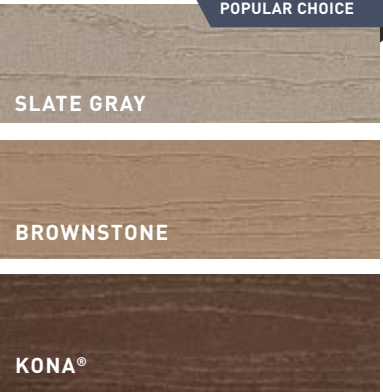

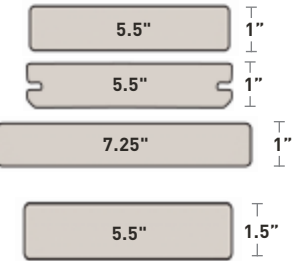

WARM. NATURAL. EFFORTLESS.

Harvest Collection®

\$\$

Tie in traditional, cathedral wood grain patterns and a soft, solid color palette to your deck when using boards from this classic collection. Composed of natural shades, this decking complements a wide range of homes' exteriors. Seeking a freshly painted wood look? Look no further than the Harvest Collection.

- Cathedral wood grain pattern
- Solid colors
- Available in standard width and thickness
- **Wide width** available in Brownstone and Slate Gray
- **MAX boards** are available in Slate Gray. Perfect for docks, boardwalks, and many commercial applications

MULTI-WIDTH DECKING

Do Decking Differently®

Standard width decking is not the standard anymore. Choose from wide or narrow width, in addition to standard width, boards to add a touch of the unexpected — and an element of style. Follow the wide width flooring trend into your own outdoor living space. Tap into the classic vibe with narrow width decking. Or, turn up the volume on your deck design by mixing all three widths.

Coastline® Decking in Narrow and Wide Width

TIMBERTECH® AZEK® PORCH

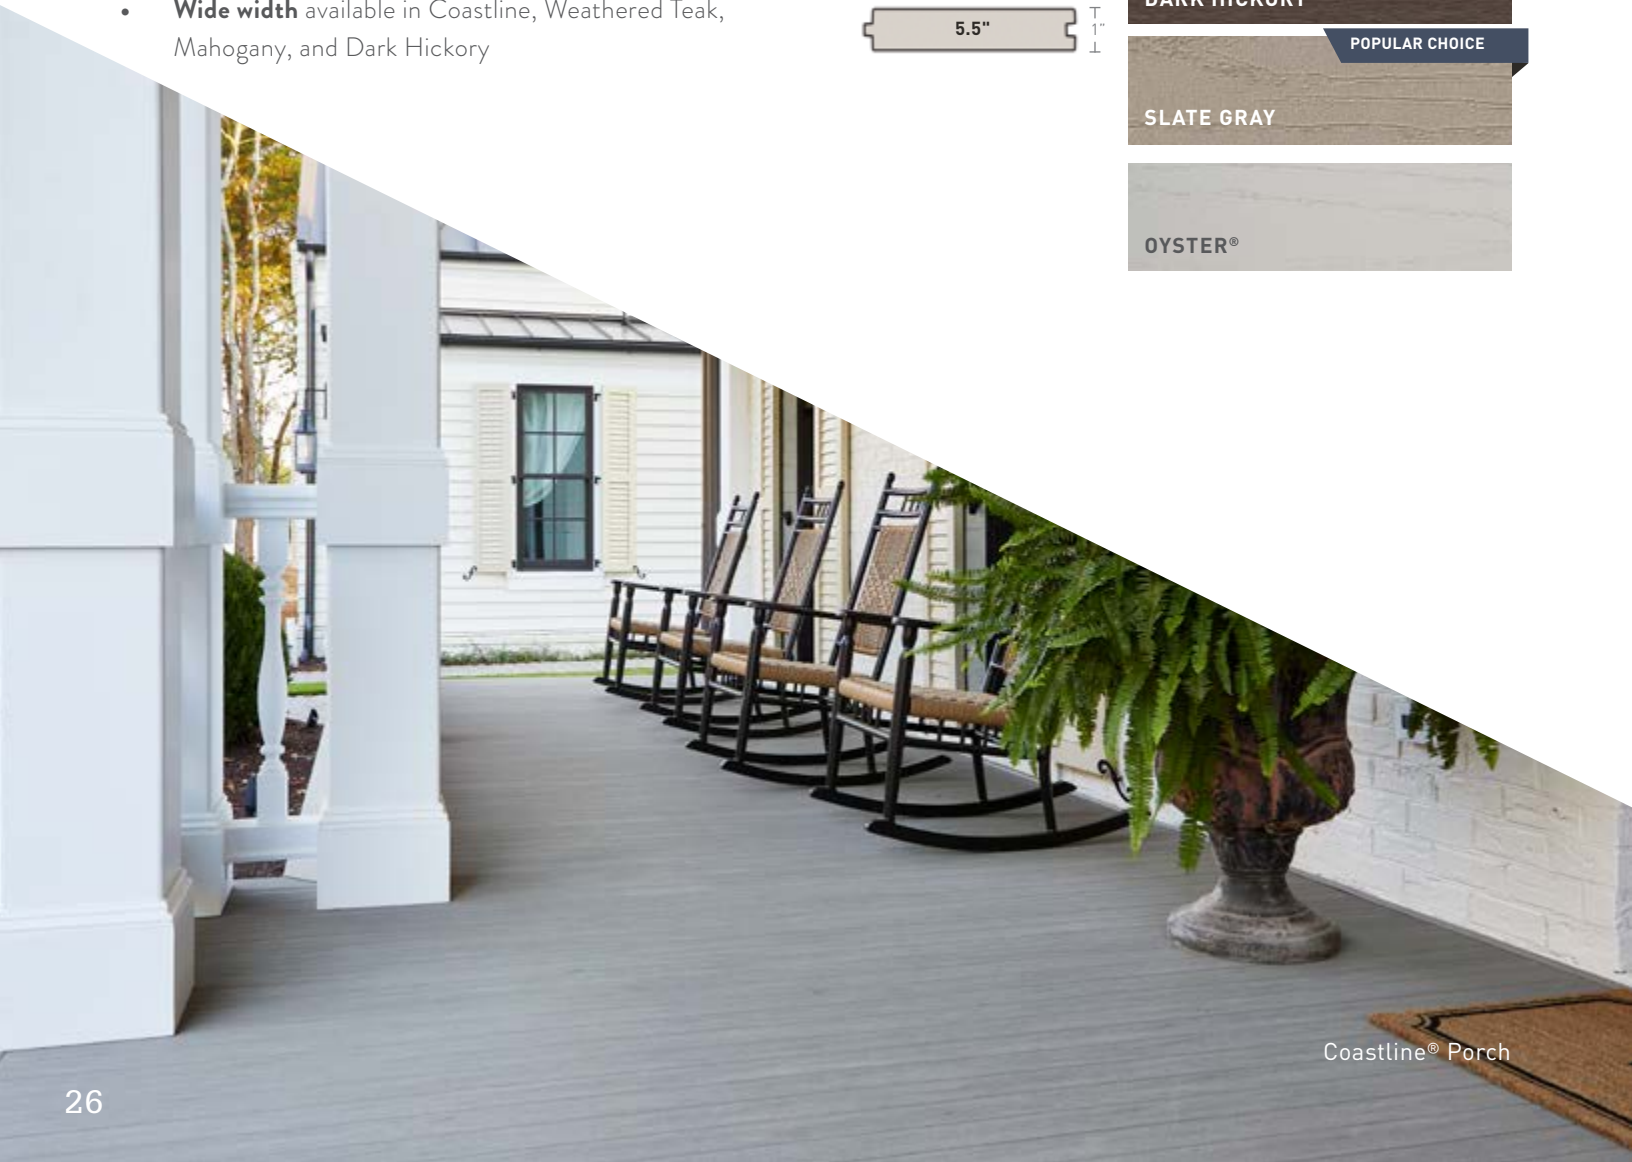

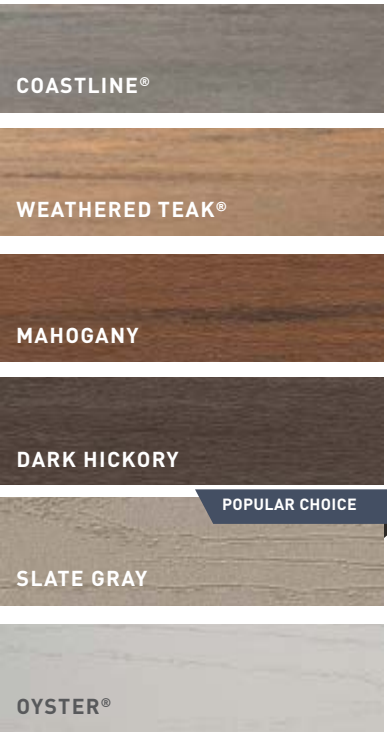

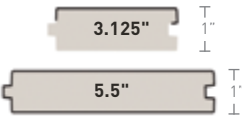

Perfect Porch Appeal

ELEGANT. STYLISH. DURABLE.

\$\$\$

Forget curb appeal — it's all about porch appeal these days. Warm, natural-looking, and nuanced colors round out the Porch Collection to help create an inviting space to greet guests or simply lounge. With tongue and groove technology, these porch boards feature a tighter-fit between boards for a more polished look. Offered in both standard and wide width, you can make a style statement on your front porch.

- Available in a variety of wood grain patterns and colors
- Available in standard width and thickness
- **Wide width** available in Coastline, Weathered Teak, Mahogany, and Dark Hickory

- Available in standard width and thickness

FASTENING

Focused on Fasteners

STRONG. SECURE. DISCREET.

Opt for the best fastening systems to install your deck. These high-quality fasteners give decks added strength and integrity for years to come.

COLOR-MATCHED FASTENING

High-quality steel screws that blend into decks and make holes less visible due to the color-matched screw heads.

HIDDEN FASTENING

Hidden fasteners provide a fastener-free surface by discreetly fastening into the side and grooves of boards – or each screw being imperceptibly plugged from the top.

BOARD PROFILES

SQUARE SHOULDER

GROOVED

Square shoulder boards allow for top down fastening, while grooved boards are designed for hidden fasteners.

COLOR-MATCHED FASTENERS FOR ALL DECK BOARDS

TOPLoc®

Color-matched face fasteners blend in with your TimberTech decking.

TOPLoc® FOR AZEK

TOPLoc® FOR PRO & EDGE

TOPLoc® FASCIA

Color-matched fastening system designed specifically for installing TimberTech Fascia.

TOPLoc® FASCIA FOR AZEK

TOPLoc® FASCIA FOR PRO & EDGE

LEARN MORE

HIDDEN FASTENERS FOR GROOVED BOARDS

FUSIONLoc®

Collated hidden fastener system engineered for strength and speed. FUSIONLoc® offers pneumatic installation with the FiveSHOT Gun or hand-driven installation. Every clip provides three points of board-to-joist connection and allows for boards in the middle of a deck to easily be removed.

CONCEALoc®

Hidden fastener system that can be installed pneumatically with the FastenMaster TigerClaw Gun or using a drill. CONCEALoc® provides a fastener-free surface. Designed exclusively for TimberTech® grooved deck boards.

HIDDEN FASTENERS FOR SQUARE SHOULDER BOARDS

CORTEX®

Hidden fastener system featuring a high-quality, ACQ approved, specialty deck screw with a Torx® ttap® drive system. Included plugs are made from TimberTech® Decking to hide the fastener. Best hidden fastener for stairs and perimeter boards.

Not for use with scalloped boards

CORTEX® FOR AZEK

CORTEX® FOR PRO & EDGE

SIDEloc™

Designed exclusively for TimberTech® AZEK® square shoulder, capped polymer deck boards. Hidden fastener system with superior holding power that requires no pre-drilling for installation. SIDEloc provides a fastener-free surface by pulling the board to the joist from the side of the board.

Not for use with TimberTech PRO or TimberTech EDGE Decking

DECK ACCESSORIES

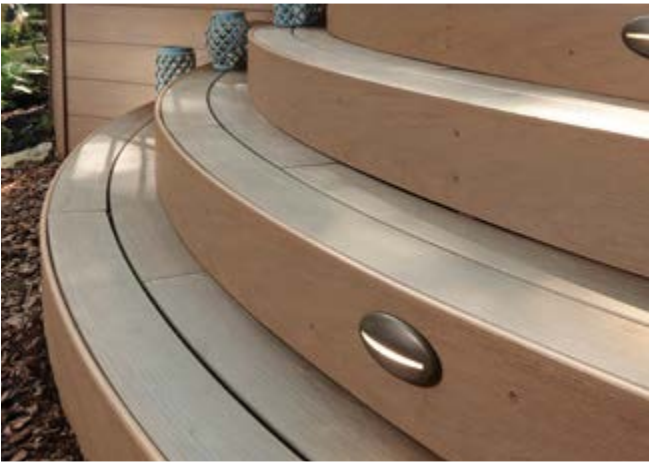

Add Accessories From Start to Finish

Complete your deck with these high-end, high-performance accessories. At the end of the day, good design is in the details.

TIMBERTECH® DECKCLEANER™

Field tested and approved specifically for all TimberTech capped decking and railing products. The best solution for seasonal clean-up and to help remove common, everyday spills and stubborn spots.

RISER BOARDS

Available in all TimberTech® PRO® decking and EDGE™ decking colors. Use on stairs for a seamless, finished look.

FASCIA BOARDS

Available in all decking colors or White AZEK trim boards. Helps to frame the perimeter of your deck to finish off your project with a polished look.

END COATING

Available in five colors to cover exposed end cuts for TimberTech Decking and Railing*.

*Works with Builder Rail

TIMBERTECH® PRO-TAC™ FLASHING AND JOIST TAPE

PRO-Tac Flashing and Joist Tape helps extend the life of decking substructures by preventing water penetration and protecting the lumber substructure from rot.

RAILING OVERVIEW

Endless Design Options

Choosing the right railing is just as important as selecting your decking. In the spirit of *keepin' it rail* with you, railing is the first thing that the neighbors see when they peek over the fence at your new space. Make a statement by mixing and matching top rail options, infills, and material types to suit your style.

8"x8" Pavers in Waterwheel

Installation That's Easy

PATENTED GRID SYSTEM

The patented grid system not only takes less time to install than traditional concrete pavers, it makes creating patterns and designs easier than ever. Choose from four colors, two paver sizes, and a variety of patterns that fit your home.

As with nearly all paver products, the color and finish of TimberTech Pavers will change over time with exposure to moisture, sunlight, heat, time and other variables, which vary by region or geography and typically takes anywhere from 3-24 months to be noticeable. This normal weathering effect is visual in nature and does not affect TimberTech Pavers' long-term durability, nor is it covered under the TimberTech Paver Warranty. As TimberTech Pavers weather, they may become more susceptible to surface scuffing, chalking or staining. See the TimberTech Paver Care and Cleaning Guide for easy ways to keep the pavers looking their best.

DRYSPACE™

Livable Lower Level

SMART. DYNAMIC. COMPLEMENTARY.

Designed for second-story decks, DrySpace™ is an under-deck water management system that collects and channels moisture away from the home, so you can make the most of the space underneath your deck. Adding crisp, clean lines above and a clean space below, DrySpace is made of solid extruded vinyl for maximum strength, durability, and weather resistance. Plus, it's backed by a 25-Year Limited Warranty.

BONE

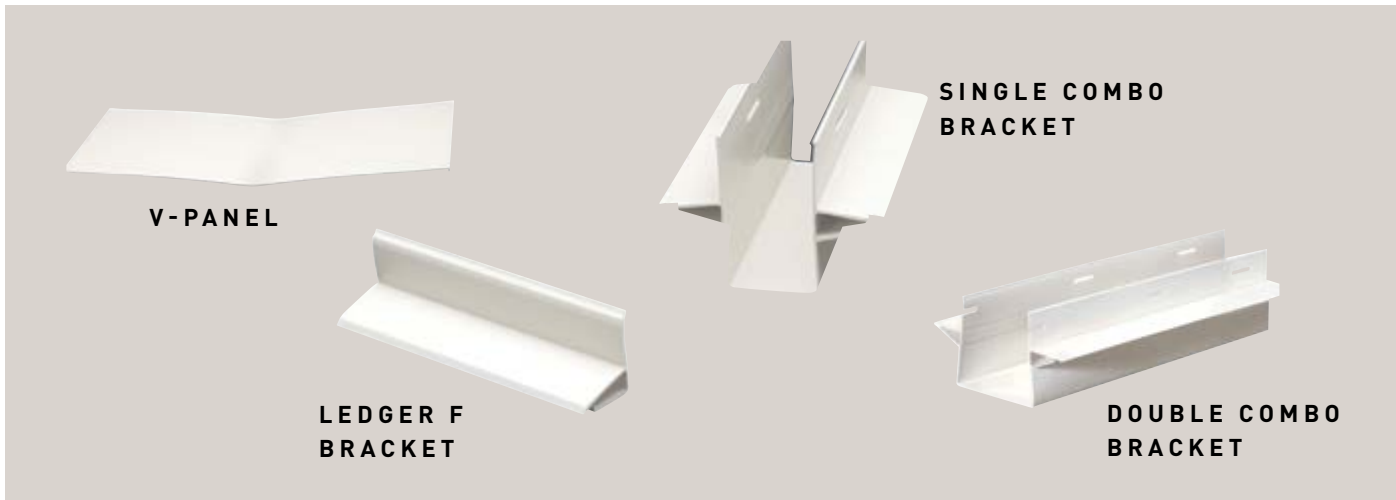

WHITE

DrySpace Components

AVAILABLE IN BULK OR INDIVIDUAL COMPONENTS

DrySpace kits and individual components are available to fit most common deck dimensions. The kits include all the parts needed for an easy, seamless installation using standard tools.

For stubborn spots, repeat the process. It is good practice to test any cleaning product on a scrap piece or inconspicuous area to make sure it does not harm the surface. Avoid getting TimberTech Deck Cleaner on other surfaces, including glass, stainless steel and painted surface. Thoroughly rinse surfaces immediately upon contact. Visit [TimberTech.com/care-cleaning](https://www.timbertech.com/care-cleaning) for more information.

TECHNICAL INFO

Composite Railing

BEAUTY, STRENGTH, AND LASTING DURABILITY

Railing that offers the look and feel of wood coupled with high durability and low-maintenance.

Pavers

PAVERS, REINVENTED

Pavers use a patented grid system that dramatically reduces installation time and takes the frustration and difficulty out of manually setting and aligning heavy concrete pavers.

RESURFACING PAVERS	COLOR OPTIONS			
	Redwood	Boardwalk	Olive	Waterwheel
1.75" x 4" x 8"	•	•	•	•
1.75" x 8" x 8"	•	•	•	•
Bullnose paver	•	•	•	•
Enkadrain 3801 drainage mat				

*Grids are 16" x 16". Height listed is paver and grid combined.

DrySpace

AN UNDER-DECK WATER MANAGEMENT SYSTEM

DrySpace™ is made of solid extruded vinyl for maximum strength, durability, moisture and mold resistance. Creates additional space under a second-story deck into a dry, spacious patio.

DRYSpace KITS Available in Bone or White	LENGTHS
