TOP QUESTIONS TO ASK YOURSELF

▸ What is my style?

▸ What add-ons do I want?

▸ How much can I spend?

▸ How much do I want to customize my look?

▸ What maintenance is required for the looks I like?

▸ How do I want to use my outdoor space?

My only concern when choosing Trex Signature® Railing was how was I going to do a DIY install if I had to cut the aluminum. I quickly learned, thanks to Trex® Academy™, that it could be *cut with a circular saw that I had on hand, and wouldn't require any special tools.*
